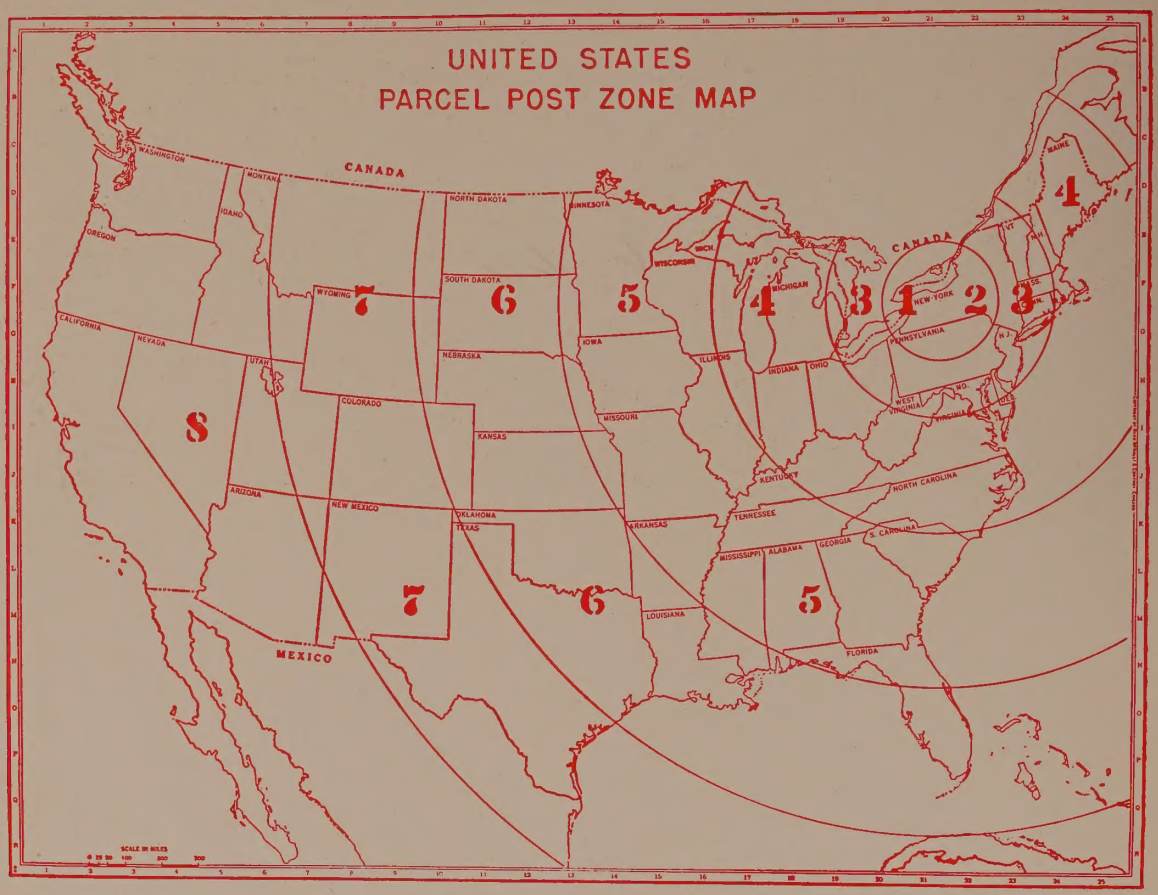
ROBSON QUALITY SEEDS, INC.
HALL, N. Y.

PHONE Stanley LYric 6-2400



We pay postage to and including the 4th postal zone (Not including CANADA). For additional postage charges see notation, SHIPPING CHARGES, in column below.

PLEASE READ BEFORE ORDERING

SHIPPING CHARGES. We pay transportation charges in the U.S.A. only (Not including CANADA), up to and including the 4th postal zone on all items in this catalog except those marked, Not Prepaid. Shipment will be made by parcel post, express or freight, whichever is most economical, at our option. If you specify express where we would ordinarily ship by freight, your order will be shipped by express collect and the freight rate refunded.

If you live in postal zones 5, 6, 7, or 8, please include additional postage for each pound or fraction thereof as shown in the following table.

ADDITIONAL POSTAGE REQUIRED			
Zone 5	Zone 6	Zone 7	Zone 8
5c per lb.	7c per lb.	11c per lb.	14c per lb.

NOT PREPAID ITEMS. Items listed "Not Prepaid" are shipped at your expense by express or freight collect. We can ship up to 70 lbs. by parcel post. If parcel post shipment is desired you should ask your local postmaster for the amount of postage required for the item and add this amount to the price when making remittance. Note shipping weights given for these items.

CONDITIONS OF SALE — All of our seeds, both flower and vegetable, are tested for germination. The percentage of germination appears on every package of seed we sell. No seeds are sold by us that we do not have reason to believe are of good quality and will grow under normal conditions.

We assume responsibility of the seeds, plants and bulbs reaching the purchaser in good condition. However, in common with all responsible seedsmen, we warrant, to the extent of the purchase price, that seeds, plants, bulbs, and tubers sold are as described on the container, within recognized tolerances. We give no other or further warranty, express or implied.

TERMS OF SALE for all items in catalog are **NET CASH** with order. All prices here quoted are subject to change without notice and to our stocks being unsold.

HOW TO REMIT — Send Money Order or Check with your order. You save money by sending remittance with order. The Post Office and Express Company make extra charges for C.O.D. shipments.

C.O.D. SHIPMENTS. We cannot accept C.O.D. orders for perishable items. We require a 25% down payment with order on non-perishable items when shipped C.O.D.

Each year Robsons operate extensive trial grounds where samples of the seed from the past years production are grown, together with seed of new varieties and hybrids. These trial grounds act as our Quality Control. No new variety is listed here until it is thoroughly tested.

Dear Friend:

In reading this catalogue, you will see we specialize in Hybrid Sweet Corn, Cabbage and Hybrid Summer Squash. Orson Robson, my brother, started breeding Cabbage nearly 40 years ago. We were the first to produce Hybrid Sweet Corn Seed in the East and the first to develop Hybrid Summer Squash.

Robson's Seeds are planted by growers in every State in the Union and in 21 Foreign Countries.

We, here at Robson's, have always stood for high quality seeds and honest merchandising at one price to all growers who buy in like amounts. We maintain the highest germination standards. These are well above government standard to insure good stands and satisfied customers.

Hall, located in one of the most fertile areas of Western New York State, is a small village (about 200 people). The deep glacial soil holds moisture well and supplies an abundance of those elements that the plant must have to produce top quality seeds. It is here that we grow our high quality seed on seven well isolated farms.

If you have questions, do not hesitate to write us - we are always ready to help.

Very truly yours,
ROBSON QUALITY SEEDS, INC.
J. W. Robson

QUALITY WILL BE REMEMBERED LONG AFTER PRICE IS FORGOTTEN

The truth of this slogan has been proven over the past 36 years. Robsons have become known far and wide as "quality seedsmen".

You, as a grower, know that seed is one of your smallest investments and that high quality seed is the very basis of success.

- Robson's are breeders and growers of seed producing vegetables of high eating quality and attractive appearance. In this catalogue, varieties with highest eating quality are marked with a ★.
- All new varieties are thoroughly tested for eating quality, adaptability and usefulness before being listed in the catalogue.
- Robson germination standards are high to insure healthy vigorous plants.
- Accurate percent of germination, together with the month and year when test was completed, appears on every packet of seed.
- When you buy ROBSONS QUALITY SEEDS, you can buy with confidence.
- **SEE INSIDE BACK COVER FOR INDEX.**

ASPARAGUS ROOTS

Vitamins a b_1 C b_2

★**WALTHAM WASHINGTON:** An outstanding strain of asparagus developed by Prof. R. E. Young of the Waltham Exp. Sta., Mass. Waltham Washington has consistently given at least 25% increase in yield over regular Washington. Spears are exceptionally uniform in size, bud type and dark green color with purplish tinge. Buds remain tight and attractive until quite tall. Plantings to date show more rust resistance than regular Washington.

No. 1, LARGE ONE YEAR ROOTS: Doz. $1.45; 25 roots $2.10; 50 roots $3.55; 100 roots $6.10, prepaid; 500 roots $17.60; 1,000 roots $34.10, not prepaid.

4 WALTHAM WASHINGTON ASPARAGUS SEED: Pkt. 25¢; oz. 95¢; ¼ lb. $2.65; lb. $6.85; 5 lbs. or more $6.30 per lb.

BUSH LIMA BEANS

Vitamins a B_1 c b_2

Pkt. will plant 10 ft. row; ½ lb. 35 ft.

★**35 FORDHOOK U.S. 242:** 75 days. Fordhook 242 is the best large seeded bush lima bean for both market and home use. It has proven itself more productive and much more dependable even under unfavorable weather conditions than the old Fordhook. Pods are uniform and well-filled with plump, thick oval beans of finest quality. The flavor is delicious and is not only excellent to eat fresh but is also best for freezing and canning. Lg. Pkt. 25¢; ½ lb. 60¢; 1 lb. 90¢; 2 lbs. $1.75; 5 lbs. $2.65; 15 lbs. $6.55; 50 lbs. $19.65.

36 TRIUMPH: 72 days. A new "baby lima" that has taken the place of Baby Potato because of superior quality. The pods are small, about 3 in. long and are tightly filled with 3 or 4 thick delicious small beans. The flavor is excellent and they hold their green color well for both canning and freezing. Lg. Pkt. 25¢; ½ lb. 65¢; 1 lb. 95¢; 2 lbs. $1.85; 5 lbs. $2.75; 15 lbs. $6.90.

YELLOW BUSH SNAP BEANS

Vitamins a b_1 C b_2

Pkt. will plant 20 ft. row

★**24 PENCIL POD BLACK WAX:** 56 days. In our opinion Pencil Pod is still the best wax bean for home gardeners to grow. The round pods have a clear rich yellow color, are firm and solid like pencils, stringless, brittle, free of fibre, and outstanding in flavor and good eating quality. Fine for canning and freezing. Lg. Pkt. 25¢; ½ lb. 65¢; 1 lb. 95¢; 2 lbs. $1.85; 5 lbs. $2.85; 15 lbs. $6.95; 50 lbs. $20.85.

29 KINGHORN WAX: 56 days. Increasingly popular because of its high quality round pods and pure white seeds, which make an attractive frozen and canned appearance. Pods are golden yellow, slightly curved 5–6 in. long, tender, fleshy, stringless and of fine flavor. Lg. Pkt. 25¢; ½ lb. 65¢; 1 lb. 95¢; 2 lbs. $1.85; 5 lbs. $2.85; 15 lbs. $6.95; 50 lbs. $20.85.

GREEN BUSH SNAP BEANS

Vitamins A b_1 C b_2

Pkt. will plant 20 ft. row; a pound 150 ft.

8 SLENDERGREEN: 54 days. Similar to Tendergreen in color, but very slender and smooth at maturity. Pick when small for best quality. Lg. Pkt. 25¢; ½ lb. 65¢; 1 lb. 95¢; 2 lbs. $1.75; 5 lbs. $2.65; 15 lbs. $6.50; 50 lbs. $19.25.

Tendergreen is still the most popular green bean, but we suggest a small planting of Tendercrop.

★**10 IMPROVED TENDERGREEN:** 53 days. We believe that the long, round, high quality pod of Tendergreen still keep it at the top of the list as a green bush bean for the table, canning and freezing. Pkt. 25¢; ½ lb. 60¢; 1 lb. 95¢; 2 lbs. $1.75; 5 lbs. $2.65; 15 lbs. $6.50; 50 lbs. $19.25.

13 CONTENDER: 51 days. An early green bean, resistant to common bean mosaic. Pods are oval or semi round. Recommended for market or roadside stand. Pkt. 25¢; ½ lb. 60¢; 1 lb. 95¢; 2 lbs. $1.75; 5 lbs. $2.65; 15 lbs. $6.50; 50 lbs. $19.25.

★**15 TENDERCROP: NEW:** 53 days. A new green snapbean, developed by U.S.D.A., that combines tenderness with fine flavor. A good yielder, about 5½ inches long, dark green, slim and stringless, is resistant to common virus diseases and well adapted to mechanical harvesting. **Highly Recommended:** Lg. Pkt. 25¢; ½ lb. 65¢; 1 lb. $1.10; 2 lbs. $1.95; 5 lbs. $2.95; 15 lbs. $7.75; 50 lbs. $21.75.

20 GREENCROP: 55 days. Plants grow upright and put on a heavy, early concentrated set of very long, large, flat, straight, rather wide dark green pods with white seeds. Pods are stringless, brittle, with little fiber and have a dark green skin and interior color. Pkt. 25¢; ½ lb. 80¢; 1 lb. $1.15; 2 lbs. $2.15; 5 lbs. $3.45; 15 lbs. $8.75.

Capital letters (A) indicate high content of that Vitamin. Small letters (a) indicate limited amount of that Vitamin.

Slendergreen Snap beans are the best looking and best tasting beans of all. Can't get them way out here.

William B. Mayor
5839 Camino De La Cosa
La Jolla, Calif.

SHELL BEANS

Vitamins B G Pkt. will plant 20 ft. row.

52 RUBY DWARF HORTICULTURAL: 56 days. A favorite with many people to be eaten as a shell bean, fresh, canned or frozen. Stringless, 4 to 5 inches long, broad, flat, dark green pods streaked with red. Seeds cream splashed with red. Good for both home and commercial growing. Lg. Pkt. 25¢; ½ lb. 65¢; lb. 95¢; 2 lbs. $1.85; 5 lbs. $2.85; 15 lbs. $6.95; 50 lbs. $20.85.

POLE BEANS

A woven wire fence makes an ideal support for pole beans, or you can use poles. Plant 5 or 6 beans around each pole and thin to 3.

54 BLUE LAKE FM-1 SNAP BEAN: 58 days. A new superior stringless strain of the famous Blue Lake pole bean. Pods are smooth, round, dark, 5½ in. long and are borne over a long period. Lg. Pkt. 25¢; ½ lb. 80¢; lb. $1.15; 2 lbs. $2.15; 5 lbs. $3.45; 15 lbs. $8.75.

55 KENTUCKY WONDER: 64 days. A popular pole variety because of its distinctive flavor when picked young. Pods are about 8 inches long, oval, and lumpy, maturing about 8 to 10 days earlier than Scotia. Vines are not as vigorous, heavy or prolific as Scotia. Lg. Pkt. 25¢; ½ lb. 60¢; lb. 90¢; 2 lbs. $1.75; 5 lbs. $2.65; 15 lbs. $6.55.

Perhaps we are old fashioned but to us Scotia has a special flavor lacking in other pole beans.

★56 SCOTIA SNAP BEAN: 72 days. Probably Blue Lake FM-1 will, under most conditions, outyield Scotia but Scotia has a "buttery" flavor that we have never found in any other snap bean. Scotia pole beans will give you more beans over a longer season than the bush varieties. Lg. Pkt. 25¢; ½ lb. 65¢; lb. 95¢; 2 lbs. $1.85; 5 lbs. $2.85; 15 lbs. $6.95.

58 KING OF THE GARDEN LIMA: 88 days. We have replaced Early Leviathan pole lima with King of the Garden because it is more consistently productive and has equally fine quality. Vines vigorous, strong climbers, 8 to 10 ft. Pods 5–6 in. long, flat, smooth with 4–5 pale green seeds per pod. Lg. Pkt. 25¢; ½ lb. 60¢; lb. 90¢; 2 lbs. $1.75; 5 lbs. $2.65.

BEETS

Vitamins a b_1 c b_2
Pkt. will sow 20 ft. row; an ounce 80 ft.

★90 SENECA DETROIT: 68 days. The improved **Seneca** strain of Detroit beets has always been a popular variety. A strong top beet, very uniform in size, shape and good deep red color. Ideal for table use, canning and pickling because it is so tender and sweet. Pkt. 20¢; oz. 50¢; ¼ lb. 80¢; ½ lb. $1.00; lb. $1.45; 10 lbs. $12.50; 25 lbs. $28.75; 50 lbs. $55.00; 100 lbs. $100.00.

Seneca Detroit is famous for its dark red interior, tenderness, and its short cooking time.

92 DETROIT DARK RED: Ferry's Strain: 60 days. Beets are globe-shaped, smooth and symmetrical with small tap roots. A deep blood red color that does not change at maturity. Medium top, erect and well adapted to mechanical harvesting. Widely grown for home garden. Lg. Pkt. 20¢; oz. 50¢; ¼ lb. 95¢; ½ lb. $1.35; 1 lb. $1.90.

93 GREEN TOP BUNCHING: Early and best for bunching. Tops bright green attractive color. Roots uniform, slightly flattened shape with slender tap roots; well colored, smooth skinned and good quality. Pkt. 20¢; oz. 50¢; ¼ lb. 80¢; ½ lb. $1.00; lb. $1.45; 10 lbs. $12.50.

94 BEETS FOR GREENS: Use Green Top Bunching.

96 RUBY QUEEN: ALL-AMERICA SELECTION 60 days. Especially recommended for home gardeners who want an early beet of excellent quality. Tender, fine grained, sweet in flavor, **Ruby Queen** is deep red in color and has a small neat crown, with dark green tops that turn red as the beet matures. Pkt. 20¢; oz. 50¢; ¼ lb. 95¢; ½ lb. $1.35; 1 lb. $1.90.

MANGEL BEETS

108 CORONA IMPROVED HALF SUGAR WHITE: 120 days. Outstanding for its high dry matter and sugar content, flesh is firm and white. Tops are medium length and green with grenade-shaped roots, growing about ⅓ in the ground. No side roots for easy pulling. **Corona** combines high production with good storage ability. Pkt. 20¢; 1 oz. 30¢; ¼ lb. 55¢; 1 lb. $1.10; 2 lbs. $1.95; 5 lbs. $4.95.

BROCCOLI

Vitamins A b_1 C b_2

Don't start broccoli plants indoors; seed direct in the ground and thin. Fall broccoli is best.

★110 **ITALIAN GREEN SPROUTING:** 70 days. Medium early in maturity with large vigorous plants producing compact, dark blue-green tightly budded heads of excellent quality—fine for bunching and freezing. Pkt. 25¢; ½ oz. 45¢; 1 oz. 75¢; ¼ lb. $1.75; lb. $5.15.

113 **WALTHAM No. 29 BROCCOLI:** 80 days. Plants are vigorous, short, sturdy and mature evenly producing heavy crops of large, attractive blue-green tightly budded center heads as well as a good crop of side shoots. Pkt. 25¢; ½ oz. 55¢; oz. 90¢; ¼ lb. $2.15; 1 lb. $6.00.

BRUSSELS SPROUTS

Vitamins a b_1 C
Culture same as Broccoli

★115 **LONG ISLAND IMPROVED, CATSKILL STRAIN:** 90 days. Profitable for market and a fine fall and winter vegetable for the home garden. Plant dwarf, compact, 20 in. tall, very uniform. Stem well covered with firm, round, tiny cabbage-like heads which mature in succession. Ours is a dependable highly productive strain. Light freezes improve the quality. Pkt. 20¢; ¼ oz. 65¢; ½ oz. $1.10; oz. $1.90; ¼ lb. $6.00; ½ lb. $10.50; lb. $20.00.

116 **JADE CROSS:** ALL-AMERICA SELECTION 85 days. 1959 Silver Medal Award. An F_1 hybrid; early, richest blue-green, heavy yield, uniformly packed with firm sprouts from the ground up. Extremely vigorous and uniform, about 22 inches tall with fine leaves. Jade Cross is widely adapted for home garden and commercial uses. 100 seeds 50¢; ¼ oz. $1.25; ½ oz. $2.60; oz. $3.75.

CHINESE CABBAGE

★149 **MICHIHLI:** 75 days. Not a true cabbage; the attractive dark green leaves fold up close together making firm, long heads tapering at the top that are tender, crisp and blanched white inside. Seed should be sown early in July, if sown earlier plants may go to seed without forming heads. Pkt. 25¢; ½ oz. 55¢; 1 oz. 90¢; ¼ lb. $1.15; ½ lb. $1.75; 1 lb. $3.00.

CABBAGE

★120 **SPECIAL GOLDEN ACRE (Yellows Resistant):** 63 days. Our strain of Special Golden Acre retains its popular characteristics of first—earliness, uniformity in ideal size, shape and attractiveness and in addition is yellows resistant. Pkt. 25¢; ½ oz. 55¢; 1 oz. 90¢; ¼ lb. $2.25; ½ lb. $3.40; 1 lb. $6.25; 25¢ per lb. discount on 5 lbs. or over.

126 **WISCONSIN COPENHAGEN:** 72 days. A new yellows resistant Copenhagen that is medium early, uniform, short-stemmed and produces 4 to 6 lb. heads of excellent quality. Pkt. 25¢; ½ oz. 45¢; 1 oz. 80¢; ¼ lb. $1.75; ½ lb. $2.75; 1 lb. $5.00; 25¢ per lb. discount on 5 lbs. or over.

127 **GREENBACK:** 74 days. Yellows Resistant market cabbage. Growers have found Greenback to be an ideal early midseason market cabbage because of its attractive dark green, solid, medium-sized 3–5 lb. heads. Plants are very uniform and compact allowing close planting; heads hold well without splitting and can be cut with good tight wrapper leaves. Pkt. 25¢; ½ oz. 50¢; 1 oz. 85¢; ¼ lb. $1.75; ½ lb. $2.75; 1 lb. $5.00; 25¢ per lb. discount on 5 lbs. or over.

Hybrid C. C. Cross seed comes from Japan.

123 **C-C CROSS HYBRID:** 60 days. A most promising new F_1 hybrid cabbage that is extremely early, maturing even ahead of our Special Golden Acre. Attractive dark green heads of fine quality. Heads are very uniform, solid, round, 6 in. in diameter and weigh 3 to 4 lbs. each—just the right size for the average family. Pkt. 35¢; ½ oz. $1.15; 1 oz. $2.15; ¼ lb. $6.00; ½ lb. $11.00; 1 lb. $20.00.

★130 **CABBAGE BLEND:** Many of our gardeners who have grown our Radish and Cucumber Blends, have requested that we also offer a cabbage blend that would contain early, midseason and late varieties. We have made a blend of 25% of each of the following varieties: Special Golden Acre, Greenback, Seneca Danish Ballhead and Savoy. Pkt. 25¢; ½ oz. 45¢; oz. 80¢.

132 **MARION MARKET:** 80 days. A leading mid-season variety and one of the most widely grown for market and kraut. A resistant Copenhagen Market maturing between Early Copenhagen and large Late Copenhagen. Plant medium size; head resembles Copenhagen but is larger, weighing 4 to 8 lbs. Pkt. 25¢; ½ oz. 45¢; 1 oz. 80¢; ¼ lb. $1.80; ½ lb. $2.75; 1 lb. $5.00; 25¢ discount on 5 lbs. or over.

CABBAGE

Vitamins a b_1 C b_2 Pkt. should produce 200 plants; 1 lb. 24,000 plants

Glory 61 (YR) A new yellows resistant, Large Glory suitable for processing.

★137 **GLORY 61 (YR): NEW:** 85 days. A yellows-resistant strain of Large Glory jointly released by the New York State and Cornell Experiment Stations. Heads are large, round, very solid, and weigh 12 to 15 pounds. Glory 61 (YR) is strictly a processing cabbage and primarily adapted to Western New York. Pkt. 30¢; ½ oz. 75¢; 1 oz. $1.35; ¼ lb. $3.50; ½ lb. $6.50; 1 lb. $12.00; 5 lbs. or more $11.25 per lb.

134 ROBSON LARGE GLORY: 85 days. A large strain of Glory of Enkhuizen especially adapted for kraut in areas where yellows is not a problem. Heads large, round, very solid, under favorable conditions, weigh 12 to 15 lbs. Pkt. 25¢; ½ oz. 45¢; 1 oz. 75¢; ¼ lb. $1.80; ½ lb. $2.75; 1 lb. $5.00; 25¢ per lb. discount on 5 lbs. or over.

138 WISCONSIN ALL-SEASON: Large, deep, flat heads, very late kraut variety, yellows resistant. Pkt. 25¢; ½ oz. 45¢; 1 oz. 75¢; ¼ lb. $1.80; ½ lb. $2.75; 1 lb. $5.00; 25¢ per lb. discount on 5 lbs. or over.

★140 **SENECA DANISH BALLHEAD:** 95 days. Bred in our cabbage growing area of New York State, Seneca Danish Ballhead is adapted to the soil and climate of the Northeast. A medium-size Danish Ballhead cabbage that is heavy, uniform in shape and keeps well in storage. Seneca Danish is short stemmed and outstanding in yield, uniformity and appearance. Pkt. 25¢; ½ oz. 45¢; 1 oz. 80¢; ¼ lb. $1.80; ½ lb. $2.75; 1 lb. $5.00; 25¢ per lb. discount on 5 lbs. or over.

142 EMPIRE DANISH BALLHEAD (Yellows Resistant): Empire is rather limited in adaptability. We suggest you give it a trial. Pkt. 25¢; ½ oz. 45¢; 1 oz. 80¢; ¼ lb. $1.80; ½ lb. $2.75; 1 lb. $5.00; 25¢ per lb. discount on 5 lbs. or over.

143 BADGER BALLHEAD: 95 days. A yellows resistant variety of fine Danish type, 3–5 lb. heads, 6 in. diameter. Its excellent quality appeals to both growers and housewives. Pkt. 25¢; ½ oz. 55¢; 1 oz. 90¢; ¼ lb. $2.25; ½ lb. $3.40; 1 lb. $6.25; 25¢ per lb. discount on 5 lbs. or over.

★145 **RED DANISH BALLHEAD:** 100 days. Our strain of Red Danish we believe is the most satisfactory and dependable variety to grow. Heads average 4 to 6 lbs., are round, slightly flattened at top, very solid. Widely used for pickling and coleslaw; stores well. Pkt. 25¢; ½ oz. 55¢; 1 oz. 90¢; ¼ lb. $2.25; ½ lb. $3.50; 1 lb. $6.50; 25¢ per lb. discount on 5 lbs. or over.

★148 **CHIEFTAIN SAVOY:** 90 days. If you have never eaten Savoy cabbage, you will enjoy its tenderness, mildness, and pleasant appetizing flavor not found in ordinary kinds. The heads grow large, firm, round in shape and are heavily blistered or "savoyed" throughout. Be sure to wait until the heads are fully mature before eating. Pkt. 25¢; ½ oz. 55¢; 1 oz. 80¢; ¼ lb. $1.80; ½ lb. $2.75; 1 lb. $5.00.

HOT WATER TREATED SEED

All of our cabbage seed is hot water treated to control the serious cabbage diseases blackleg and black rot.

CELERY

Vitamins a b_1 c b_2

1 oz. should produce about 8,000 plants.

180 CORNELL 19: 100 days. An early easy blanching strain of outstanding quality. Hearts long; stems thick, rounded, smooth in texture. Resistant to fusarium yellows. Pkt. 25¢; ¼ oz. 55¢; ½ oz. 80¢; oz. $1.45; ¼ lb. $5.25.

★184 **SUMMER PASCAL (Waltham Strain):** 120 days. One of the most popular green celeries for home and market use in the Northeast. Erect, compact plants with thick smooth stems having tender-crisp quality. Height 24 inches. Pkt. 25¢; ¼ oz. 45¢; ½ oz. 75¢; 1 oz. $1.40; ¼ lb. $4.50.

CELERIAC

190 LARGE PRAGUE: 110 days. Turnip rooted celery is very delicious in fall and winter; produces large bulb-like roots with a pleasant nut-like celery flavor. Pkt. 20¢; ½ oz. 50¢; oz. 95¢.

CHICORY

192 WITLOOF OR FRENCH ENDIVE: Seed sown in May produces roots which when dug, trimmed and placed in sand in a warm dark place in the winter, throw out large white sprouts which are used as a salad. Pkt. 20¢; ½ oz. 45¢; oz. 75¢.

CRESS

★270 **FINE CURLED (Pepper Grass):** Finely cut and curled leaves. Attractive and has a pleasant, pungent flavor. Pkt. 20¢; ½ oz. 35¢; oz. 60¢.

We used your seeds last year, they were wonderful. George Haurch, Downingtown, Pa.

CARROTS

Vitamins A b_1 c b_2
Pkt. will sow 30 ft. row; ½ oz. 100 ft.

★157 **GOLD PAK:** 73 days. An exceptional table carrot. Remarkable uniformity. Long straight slender carrots of fine quality and attractive appearance. Flesh is an ideal rich orange color with small indistinct cores. Roots are smooth with short bushy, strong tops. Pkt. 25¢; ½ oz. 45¢; oz. 80¢; ¼ lb. $1.40; ½ lb. $2.20; 1 lb. $3.70; 10 lbs. $35.70; 25 lbs. $86.65.

158 ROYAL CHANTENAY: 70 days. Special large graded seed. The carrots are longer than Red Cored Chantenay, smoother, more cylindrical, excellent in interior and exterior color and outstanding in tenderness, flavor and sweetness. Pkt. 20¢; ½ oz. 40¢; oz. 55¢; ¼ lb. 95¢; ½ lb. $1.55; 1 lb. $2.50; 10 lbs. $24.00; 25 lbs. $58.75.

164 RED CORED CHANTENAY: 70 days. The variety most widely used as a canning carrot. The roots grow 4 to 5 inches long and are tapered and quite stump rooted. The core is almost the same color as the flesh which gives it the name Red Cored. Pkt. 20¢; ½ oz. 30¢; oz. 45¢; ¼ lb. 80¢; ½ lb. $1.15; lb. $2.00; 10 lbs. $19.00; 25 lbs. $46.25.

Nantes Carrot is the variety you see in the store packed in plastic bags. Tender and sweet.

★161 **NANTES:** 68 days. We have tested many varieties of carrots in our trial grounds but have never found one superior to Nantes for tenderness and flavor. Roots are smooth, 6–7 in. long; 1¼ in. thick, cylindrical, stump-rooted and the flesh is a bright orange, sweet and tender. We highly recommend Nantes. Pkt. 20¢; ½ oz. 40¢; oz. 60¢; ¼ lb. $1.10; ½ lb. $1.60; lb. $2.60; 10 lbs. $24.00; 25 lbs. $58.75.

162 NANTES: Strong Top for Bunching. Has the same quality as **Nantes,** but tops are larger and stronger, thus less likely to break at the collar in pulling or bunching. Pkt. 20¢; ½ oz. 40¢; oz. 60¢; ¼ lb. $1.10; ½ lb. $1.60; lb. $2.60; 10 lbs. $24.00; 25 lbs. $58.75.

CAULIFLOWER

Vitamins a b_1 C b_2
1 oz. should produce 2000 plants.

Purple Head turns an attractive bright green in hot water. Flavor halfway between cauliflower and broccoli.

★174 **NEW ROYAL PURPLE HEAD:** 73 days. To us an outstanding home garden variety because of its superior eating and freezing quality. The heads grow large and are deep purple on top but turn green when cooked. Heads mature over a relatively long period and tying is not necessary.

170 EARLY SNOWBALL: 55 days. The best strain for extra early crop. Heads of good depth, solid, ivory white and of fine quality.

171 SNOWBALL PERFECTED STRAIN: 60–65 days. The standard variety for the Northeast. The heads are deep and heavy, of uniformly good size, beautifully white and with a tight attractive curd. An abundance of long leaves close to the head make it largely self-protecting.

175 SENECA SNOWBALL: 58 days. Seneca Snowball is a sure-heading strain maturing a little earlier and more evenly than Perfected Strain of Snowball. The curds are snow white, deep, tight and well-formed with good leaf protection.

★178 **CAULIFLOWER BLEND:** The home gardener and commercial grower with a small acreage needs cauliflower over a longer season than is possible with our new uniform maturing varieties. We are offering a blend of standard varieties that will, we believe, give the grower the longer harvesting season.

176 IMPERIAL: 58 days. More uniform giving a larger percentage of heads at a single cutting. The heads are large, white, uniform size with good leaf coverage. We recommend that commercial growers try **Imperial** this coming year.

Cauliflower Seed Prices:
Pkt. 30¢; ¼ oz. 95¢; ½ oz. $1.85; oz. $3.10; ¼ lb. $10.00; ½ lb. $19.00; lb. $35.00.

HOT WATER TREATED SEED
All of our cauliflower seed is hot water treated.

YOU PROFIT FROM ROBSONS RESEARCH PROGRAM

The sweet corn hybrids described on the following pages have not occurred by accident. They are the result of our extensive research program.

Thru thirty years of concentrated corn breeding, we have developed a vast amount of breeding material. This inbred material makes it possible for us to build hybrids that are outstanding for all markets and growing conditions. With this valuable bank of breeding material available to our experienced corn breeding specialists, you can be assured that Seneca Hybrids will always give you top performance.

The plant breeding department, headed by Robert Strosnider and administered under the watchful eye of Orson Robson, constantly strives to eliminate disease hazards, create new hybrids to fit specific home garden or market needs, and to improve existing Seneca Hybrids. Our plant improvement work is a Round-the-Year Program with breeding plots both in New York State and Florida. In this way we produce 2 or 3 generations of breeding material a year. This program enables us to more rapidly fulfill the requirements of you, the grower.

We suggest that you carefully read our descriptions and note the improvements offered to you this season, especially SENECA CARMELCROSS—WHITE INTERIOR SILK AND SENECA CHIEF—WHITE INTERIOR SILK STRAINS.

ALL CORN SEED IS DOUBLE TREATED

DOUBLE TREATED for the best possible protection at NO EXTRA COST TO THE GROWER. FIRST with a fungicide to protect the corn from rotting on the ground, which permits earlier Spring planting. SECOND with an insecticide to protect the seed from seed corn maggot.

QUALITY HYBRIDS FOR THE HOME GARDEN AND ROADSIDE STAND

200 SENECA "60"

EARLIEST HYBRID WITH QUALITY—COLD RESISTANT—CAN BE PLANTED EARLY

63 days. Plants 4½ ft. tall, erect grower with double ears. Ears 7" long with 10–12 rows of delicious yellow tender kernels. **Seneca 60 captures that old Bantam flavor and brings it to your table in a modern productive hybrid.** The first corn of the season for Home Garden, Local Markets and Roadside Stands with cold resistance, table quality and market appearance. Pkt. 25¢; ½ lb. 75¢; 1 lb. $1.25; 2 lbs. $2.45; 5 lbs. $4.55; 10 lbs. $8.40; 25–100 lbs. 79¢ per lb.; 100 lbs. or more 75¢ per lb.

Seneca 60 gives you the earlier, more uniform ears of a hybrid, but captures that old-fashioned Bantam flavor.

207 SENECA BEAUTY

YOUR SECOND EARLY QUALITY CORN—WELL FILLED EAR—WILT RESISTANT

65 days. A second early quality corn—**has size, appearance and yield with such fine flavor and tender kernel as to please the most critical.**

The 5 ft. plant of Seneca Beauty is highly productive, with potential yield of two ears per plant. Ears are 8" long with 12 rows of straight, compact kernels and nicely filled tips. Seneca Beauty makes a fine appearance on the market, roadside stand and table. If planted at the same time as Seneca 60 you can start harvesting Seneca Beauty as you complete harvest of Seneca 60. Pkt. 25¢; ½ lb. 70¢; 1 lb. $1.15; 2 lbs. $2.25; 5 lbs. $4.20; 10 lbs. $7.70; 25–100 lbs. 72¢ per lb.; 100 lbs. or more 68¢ per lb.

SPECIAL HYBRID CORN COLLECTION

Our four finest quality hybrids for home gardens and quality markets. Seneca 60, Seneca Beauty, Seneca Arrow, and Seneca Chief. Plant all four at the first planting, a week later make a planting of Seneca Beauty, Seneca Arrow and Seneca Chief. For top quality corn all season, make additional weekly plantings of Seneca Chief.

For only $1.00, Postpaid.

Seneca Arrow almost equals Seneca Chief in quality and matures early enough to fill the gap between Seneca Beauty and Chief.

210 SENECA ARROW

TOP QUALITY CORN—FULL WEEK EARLIER THAN SENECA CHIEF

77 days. Large, plump 7½" ear with 14–16 rows of buttery golden kernels. Very tender and juicy—**nearly equal to Seneca Chief in quality and a full week earlier.**

Seneca Arrow is productive, giving a 6 foot plant and under favorable conditions, produces two ears per plant. Ears tend to be heavy, with excellent flag leaves and moderate husk color.

For a succession of quality corn for your garden or roadside stand we suggest a second planting of Seneca Beauty and Seneca Arrow to assure corn at its prime until Seneca Chief is ready. Pkt. 25¢; ½ lb. 70¢; 1 lb. $1.15; 2 lbs. $2.25; 5 lbs. $4.15; 10 lbs. $7.60; 25–100 lbs. 71¢ per lb.; 100 lbs. or more 67¢ per lb.

George Oswald, a member of our plant breeding crew, knows that Seneca Beauty is just as good to eat as it looks.

Your Seneca Corn has sold me on your firm.
J. R. Donovan
Ashuelot, N. H.

HOME GARDEN AND ROADSIDE STAND HYBRIDS

215 SENECA CHIEF

WHITE INTERIOR SILK STRAIN—NONE BETTER FRESH OR FROZEN—NATIONALLY KNOWN FOR EXCELLENCE

85 days. The long (9″) cylindrically straight rowed ear of **Seneca Chief,** with its **extra small cob** and deep narrow kernels, has now been further improved by the addition of white interior silks, which enhances the beauty of the ear. In addition to the white interior silk, our plant breeders have darkened the husk of **Seneca Chief** and added eye-appealing long, ear leaves.

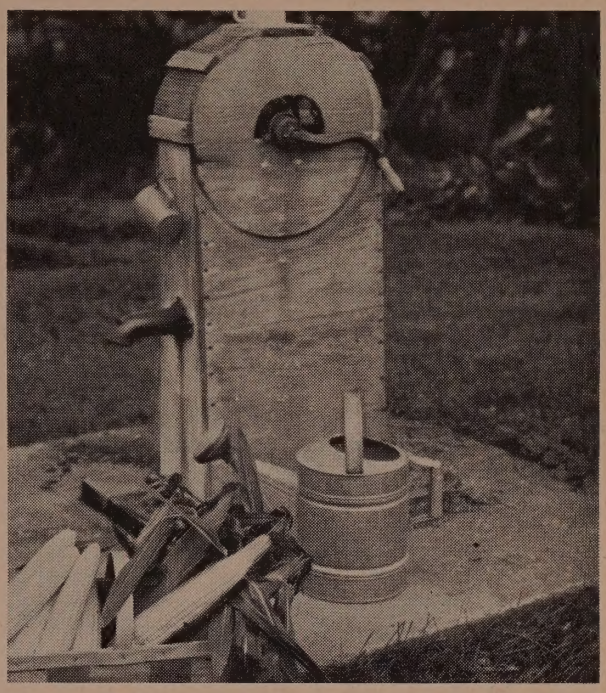
For the home garden **Seneca Chief** should be the **principal full season hybrid for table use and canning or freezing.**

The repeat business of many roadside stands has been built around **Seneca Chief** and the improved snapped ear appearance of **Seneca Chief —white silk** assures you of continued increasing sales.

Seneca Chief is widely adapted, being grown in every state in the Union and several Foreign Countries. It is **highly resistant to wilt** and has yielded more marketable ears than any other hybrid tested in our trials.

May we suggest that for future Corn Roasts, Clam Bakes, Homecomings, and Community Gatherings, you plan to serve **Seneca Chief** as the one special treat not to be forgotten. Pkt. 25¢; ½ lb. 70¢; 1 lb. $1.20; 2 lbs. $2.35; 5 lbs. $4.40; 10 lbs. $8.10; 25–100 lbs. 76¢ per lb.; 100 lbs. or more 72¢ per lb.

Mr. & Mrs. Harry Underwood of Gladtime Farm on Route 281 north of Cortland are justly proud of their roadside stand business. Mr. Underwood says, "We can no longer sell just sweet corn, our customers ask for SENECA CHIEF".



Seneca Golden, one of our older hybrids, is still as dependable as the rustic pump and the sprinkling pot.

212 SENECA GOLDEN: Early midseason—excellent snapped ear—strong seedling vigor—high quality. 72 days. **Seneca Golden** first introduced in 1930 and improved several times, is still one of the outstanding hybrids for our Northern States and Canada. A medium tall 5½ ft. plant that is somewhat slender, with tall, erect tillers. **Seneca Golden** stands well, producing a cylindrical, medium size ear with dark green husk and excellent flag leaves.

Seed of **Seneca Golden** has shown the greatest **cold resistance** of any Hybrid tested at the New York State Experiment Station. **Seneca Golden can be planted at the same time as the first early varieties and will fill the gap between early and midseason varieties—it is being used increasingly for this purpose.** Pkt. 25¢; ½ lb. 75¢; 1 lb. $1.25; 2 lbs. $2.45; 5 lbs. $4.45; 10 lbs. $8.20; 25–100 lbs. 77¢ per lb.; 100 lbs. or more 73¢ per lb.

217 GOLDEN CROSS BANTAM: 84 days. An old favorite that is still widely grown because of its dependable quality both fresh and frozen. Ears are long, attractive, with deep, golden yellow kernels. Golden Cross, unfortunately, has little resistance to bacterial wilt. Pkt. 20¢; ½ lb. 45¢; lb. 65¢; 2 lbs. $1.25; 5 lbs. $2.75; 10 lbs. $4.80; 25–100 lbs. 43¢ per lb.; 100 lbs. or more 39¢ per lb.

HOW TO FREEZE CORN ON THE COB

To successfully freeze sweet corn on the cob, a variety with a small cob gives best results. We suggest using Seneca Chief. Ears should be blanched in boiling water for 6 minutes and cooled immediately in ice water. Ears can then be placed in cellophane bags and placed in the freezer.

To prepare corn for table use, remove it from the cellophane bags, place in a shallow tin and heat in oven until the ears are thoroughly warmed through to the center of the cob.

BE SURE TO READ ABOUT THE NEW KERNEL KUTTER ON PAGE 25

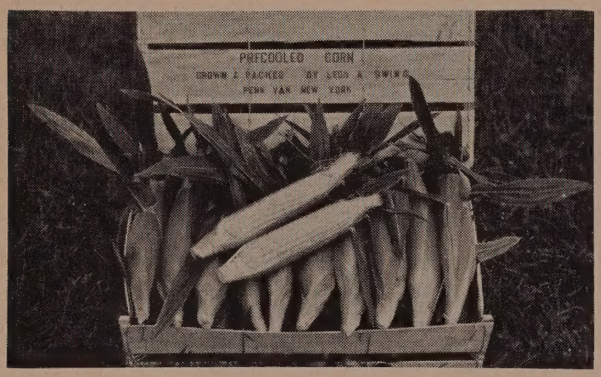
MARKET SWEET CORN HYBRIDS

202 SENECA DAYBREAK: Earliest hybrid with market appearance—very cold resistant with exceptional early seedling vigor. 63 days. Same maturity as Spancross, more uniform with a sturdier 5 ft. plant and longer, more cylindrical and attractive ear. **Seneca Daybreak is bred to withstand the hazards of early planting—produces a vigorous plant under tough conditions.**

Snapped ears of **Seneca Daybreak** are cylindrical, well sized, with good flag leaves. Husked ear is 7–8″ long with 10–12 rows of compact, bright golden, good quality kernels. 5 lbs. $3.75; 10 lbs. $6.80; 25–100 lbs. 63¢ per lb.; 100 or more 59¢ per lb.

205 SENECA DAWN: The largest eared early hybrid—highly resistant to wilt, drought and cold seasons. 66 days. The largest eared of all early hybrids, producing a sturdy 5 ft. plant that is upright and non-tillering. Yields one large ear well up on the stalk. Ear very large, 7½″ long and slightly tapered, with 14–16 rows of fairly narrow yellow kernels.

Seneca Dawn is **recommended for those areas where bacterial wilt is a production problem,** and also for the **grower whose market demands a very large ear.** Quality not equal to Seneca Beauty. 5 lbs. $4.25; 10 lbs. $7.80; 25–100 lbs. 73¢ per lb.; 100 lbs. or more 69¢ per lb.



Mr. Leon Swing says "The attractive pack and quality of Seneca Carmelcross corn brings top market prices".

208 SENECA CARMELCROSS—White interior silk. High yielding—good quality shipping corn. 75 days. Our new improved strain of **Seneca Carmelcross** is now all white interior silk, giving a cleaner, brighter appearance to the ears.

During the process of changing silk color of this hybrid, our plant breeders added uniformity of ear leaf and darkened the husk color, which has greatly enhanced the market appeal.

Our strain of this hybrid is about two days later than the Standard Stock—it is taller, sturdier, and yields significantly more crates per acre. Ears are 8″ long, with 14–16 rows of narrow, attractive kernels.

Carmelcross is a rugged, well adapted, midseason hybrid, and our improved strain gives you all this—plus more rows, narrower kernels, white silk, greater yield, and better wilt resistance. 5 lbs. $4.05; 10 lbs. $7.40; 25–100 lbs. 69¢ per lb.; 100 lbs. or more 65¢ per lb.

206 GOLDEN BEAUTY: 65 days. **Golden Beauty** was developed by Dr. W. H. Lachman of the University of Massachusetts. Plants are vigorous, erect, 5–5½ ft. Ears are 7 in. long with 12 to 14 rows of golden yellow kernels of medium depth and with white silks. Pkt. 20¢; ½ lb. 45¢; 1 lb. 65¢; 2 lbs. $1.25; 5 lbs. $3.05; 10 lbs. $5.40; 25–100 lbs. 49¢ per lb.; 100 lbs. or more 45¢ per lb.

209 SENECA WARRIOR: 77 days. **Seneca Warrior** is a second early hybrid developed especially for the market trade. The rugged 7 ft. dark green plant produces an 8″ ear, with 12–14 rows of deep golden kernels filled right out to the tip. Kernels medium wide and very good quality.

The dark green glossy husk and long flag streamer on Seneca Warrior is just what your customer wants to see. Seneca Warrior is susceptible to wilt when the disease is present. 5 lbs. $3.70; 10 lbs. $6.70; 25–100 lbs. 62¢ per lb.; 100 lbs. or more 58¢ per lb.

Seneca Sunbeam takes the risk out of early planting and meets the market needs for a large, tasty, early hybrid.

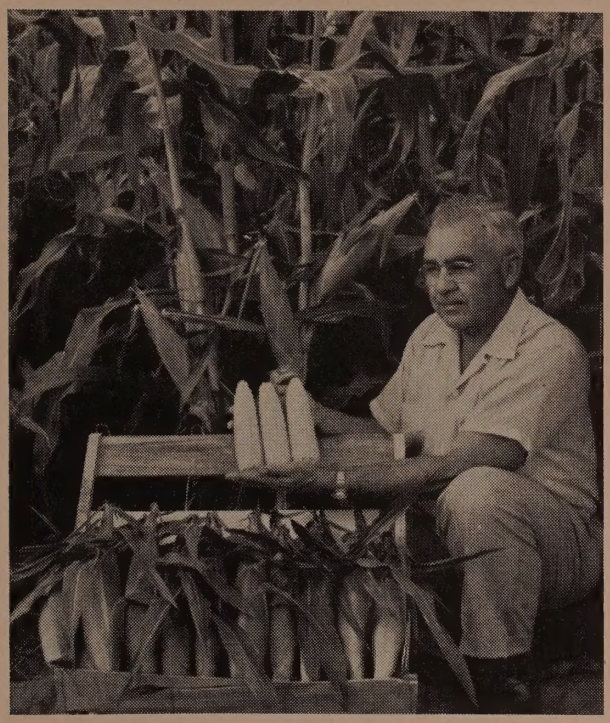
214 SENECA SUNBEAM: NEW: Early—large ear— small kerneled—bred and tested for early spring planting. 65 days. **First introduced in 1960, Seneca Sunbeam meets the need for an early large ear hybrid with snapped ear character and small tasty kernels.**

In North Star season, **Seneca Sunbeam** produces a 4½–5 ft. sturdy stalk. Foliage is dark green, with an abundance of ear leaves, on large glossy, dark green ears. The cylindrical ears are large, well-formed, 7¼″ long, 12–14 rows of small, compact, tasty kernels, with nicely filled blunt tips.

Seneca Sunbeam is unsurpassed for **cold resistance** and **vigorous, sturdy seedlings.** It has the additional advantage of narrow kernels for an early corn with a fancy snapped ear.

Whether marketed by the dozen, in bags, or packed in crates, **Seneca Sunbeam** is sure to sell. 5 lbs. $4.00; 10 lbs. $7.30; 25–100 lbs. 68¢ per lb.; 100 lbs. or more 64¢ per lb.

MARKET HYBRIDS CONTINUED



Orson Robson has the right to be pleased with his Seneca Wampum. Not only does it have the fine qualities of Seneca Warpath, but is bred for resistance to Helminthosporium leaf blight.

227 SENECA WAMPUM: Sister hybrid to Seneca Warpath. Shows resistance to Helminthosporium leaf blight. 89 days. Being a sister hybrid to Seneca Warpath our Seneca Wampum has the same vigorous 7–8 ft. plant and uniform double earing. The snapped ear of **Seneca Wampum** is a little more cylindrical, and the husk color is even darker green and more glossy. Flag leaves are abundant. Husked ear well filled with 12–16 rows of golden kernels, with somewhat less quality than Seneca Warpath.

Seneca Wampum was bred for resistance to Helminthosporium Leaf Blight in the Florida production area. Although not entirely immune, Seneca Wampum has sufficient resistance to give New York growers considerable protection from this disease as it gradually moves into our production area.

Not only does **Seneca Wampum** have resistance to Leaf Blight, it produces the same type of ear and market package already accepted by your market. 5 lbs. $4.00; 10 lbs. $7.30; 25–100 lbs. 68¢ per lb.; 100 lbs. or more 64¢ per lb.

224 SENECA SUPERMARKET: Drought and wilt resistant—light golden kernels. 88 days. An exceptionally uniform 12–14 rowed corn with well-filled, blunt tips. Very heat and drought resistant. Also very resistant to wilt.

Kernels of **Seneca Supermarket** are light golden and look young even when maturity is beyond the prime stage.

Seneca Market is an improved Ioana type and is being used where ruggedness of plant and snapped ear appearance is considered before quality. 5 lbs. $3.25; 10 lbs. $5.80; 25–100 lbs. 53¢ per lb.; 100 lbs. or more 49¢ per lb.

226 SENECA WARPATH: Produces for the grower, sells for the broker, pleases the housewife. 89 days. A relatively new hybrid designed for the shipping trade and rapidly gaining in popularity.

The dark green and glossy husk, with their long flags, gives **Seneca Warpath** a sales advantage not found in other multiple eared, full season, hybrids.

Husked ears 7½" long, with 14–16 rows of small narrow kernels, well-filled to the tip. Seneca Warpath has shipping qualities and holds up well in transit, bringing premium prices on the market.

The 7–8 ft. plant of **Seneca Warpath** is quick growing, with moderate tillering. Under moderate spacing or high fertility these plants produce two marketable ears per plant that mature at the same time.

Being somewhat better eating quality than similar shipping hybrids, **Seneca Warpath** is favored by the housewife. 5 lbs. $4.00; 10 lbs. $7.30; 25–100 lbs. 68¢ per lb.; 100 lbs. or more 64¢ per lb.

A grower can be proud to market such an outstanding ear as Seneca Brave.

220 SENECA BRAVE: NEW: Productive—large ear—many rows—small kernels—well filled—good quality. 89 days. First introduced in 1960, Seneca Brave has met with wide acceptance from the market grower looking for 2 medium large ears, small kernel, good quality corn.

Highly resistant to many such problems as lodging, aphids, smut, drought and changeable growing conditions, plants are vigorous, 7 ft. tall with moderate tillering and sturdy stalks. Snapped ear medium size, cylindrical, with a tight husk cover and attractive ear leaves. A high yielder of equal size and maturity first and second ears that pack a full five dozen crate. White Interior Silk Strain, 14–18 rowed ears of bright, golden kernels, filled to the tip.

The ability of **Seneca Brave** to produce **two marketable ears per plant,** plus its **wide adaptability to variable growing conditions, means more profits to the grower** using Seneca Brave. 5 lbs. $4.00; 10 lbs $7.30; 25–100 lbs. 68¢ per lb.; 100 lbs. or more 64¢ per lb.

CUCUMBERS

Vitamins b_1 c b_2

Pkt. will plant 20 hills, an ounce 100 hills

242 WISCONSIN SMR 15: 56 days. A pickling type cucumber, which has proven to be superior to Wisconsin SMR 12 in our trials, resistant to scab or spot rot and mosaic diseases and is especially recommended for the home garden and market. Pkt. 20¢; ½ oz. 35¢; 1 oz. 55¢; ¼ lb. 95¢; ½ lb. $1.65; 1 lb. $2.75; 5 lbs. $12.75; 10 lbs. $24.50.

243 MINCU: 53 days. A high quality cucumber for pickling and as a first early cucumber for slicing. Fruits are white spined, short and blocky, with small seeds. Excellent for home garden. Pkt. 25¢; ½ oz. 55¢; oz. 85¢; ¼ lb. $1.30; ½ lb. $2.25; 1 lb. $3.75; 5 lbs. $18.00.

★249 CUCUMBER BLEND: A special blend which contains both early and midseason pickling and slicing varieties. Pkt. 20¢; ½ oz. 35¢; oz. 55¢.

★250 TABLEGREEN: NEW: 72 days. A new mosaic resistant cucumber. Fruits are a very dark green in color, uniform shape, fairly smooth skin, about 8 to 9 inches long. Vines are very vigorous and will produce over a long growing season. Because of this longer bearing period plus excellent quality we recommend **Tablegreen** for every home garden and market. Pkt. 25¢; ½ oz. 40¢; oz. 65¢; ¼ lb. $1.25; ½ lb. $2.00.

Joe Robson says: "Surecrop Hybrid, a wonderful yielder if you don't mind the blunt end, but for most markets a tapered end is preferred, like the Long Marketer on the left."

★251 MARKETER: 70 days. Marketer is deservingly the leading market variety today because of its deep green color, trim shape, size and heavy yields. Fruits are smooth, slender 7 to 8 inches long, tapered at the ends. It is susceptible to mosiac disease; if mosaic has been a problem for you—better plant Burpees Hybrid. Pkts. 20¢; ½ oz. 35¢; oz. 55¢; ¼ lb. $1.05; ½ lb. $1.70; 1 lb. $2.75; 5 lbs. $12.50; 10 lbs. $22.50; 25 lbs. $52.50.

252 LONG MARKETER: 70 days. Long Marketer is similar to Marketer, but grows about an inch longer. Our special strain of **Long Marketer** is smoother and more uniform in shape than other strains. It produces a fancy grade of slicers and larger net returns to the grower. Many growers prefer Long Marketer above Marketer. Pkts. 25¢; ½ oz. 40¢; oz. 65¢; ¼ lb. $1.25; ½ lb. $2.00; 1 lb. $3.45; 5 lbs. $16.00; 10 lbs. $29.50; 25 lbs. $70.00.

253 BURPEE HYBRID: 60 days. A high quality cucumber for both the home gardener and the commercial grower. This first generation F_1 Hybrid is a white spine slicing type cucumber, tapered at the ends, highly resistant to mosaic and downy mildew. Vines are extremely vigorous, bearing fruits 8 in. or more long. Medium seed cavity, crisp white flesh of excellent quality. Burpee Hybrid should be planted as soon as possible after soil is thoroughly warm. Popular market hybrid. Pkt. (50 seeds) 50¢; 2 pkts. 95¢; 3 pkts. $1.35; ½ oz. $2.75; oz. $4.25; ¼ lb. $12.50.

★254 SURECROP HYBRID: 64 days. Surecrop is a true F_1 Hybrid that is outstanding in its ability to set fruit early and continues to produce good, well-shaped fruits over a long period of time. Fruits are dark green, white spined, straight, and average 7 to 9 in. long. The vines are vigorous and resistant to mosaic. A wonderful home garden variety. Pkt. (50 seeds) 50¢; 2 pkts. 95¢; 3 pkts. $1.35; ½ oz. $2.75; 1 oz. $4.25; ¼ lb. $12.85.

256 ASHLEY: 61 days. Ashley is a heavy yielding, downy mildew resistant cucumber developed by Dr. W. C. Barnes of South Carolina. Slim, tapered dark green fruits hold their color well with that glossy finish, which makes Ashley not only a good home garden variety but an excellent market variety. Pkt. 20¢; ½ oz. 35¢; oz. 50¢; ¼ lb. 95¢; ½ lb. $1.50; lb. $2.60; 5 lbs. $12.00; 10 lbs. $23.00; 25 lbs. $52.50.

DANDELION

272 LARGE THICK LEAVED: The most popular variety of our cultivated dandelion. Pkt. 30¢; ½ oz. $1.00; oz. $1.75; ¼ lb. $5.65.

FENNEL

276 FLORENCE FENNEL: 110 days. Plants are 2 to 3 ft. tall; a reliable producer of firm, even bulbs. Has a pleasant anise-like flavor—used cooked or fresh in salads. When plants are half grown, draw soil up to them to blanch the bulbs. Pkt. 25¢; ½ oz. 40¢; oz. 65¢; ¼ lb. $1.00.

Last year a friend gave me some seed of Seneca 60 and Seneca Chief. It was by far the best I ever used.

Harold Carrico
R. D. #1
Fancy Farm, Ky.

EGG PLANT

1 oz. should produce 1500 plants

Start indoors in March; set outside when nights are warm.

Flea beetles sometimes practically ruin newly set egg plant. It is always best to dust the plants with Rotenone as soon as they are set.

★285 **NEW HAMPSHIRE:** 65 days. This variety ripens two or three weeks earlier than most varieties. Plants are medium size and productive. Fruits are good market size, medium dark purple in color—firm in texture. Pkt. 25¢; ½ oz. 70¢; oz. $1.05; ¼ lb. $3.05; lb. $9.55.

286 **BLACK BEAUTY:** 80 days. Fruits are blunt-oval in shape, smooth, glossy, and attractive deep purplish-black in color. A very satisfactory variety but a little late for northern sections. Pkt. 25¢; ½ oz. 65¢; oz. 95¢; ¼ lb. $2.85; lb. $8.85.

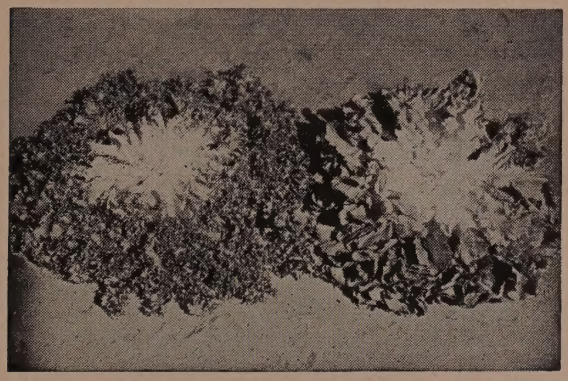
★287 **T.S. CROSS F_1 HYBRID: NEW:** 72 days. We are introducing this new hybrid to our growers after extensive testing for two years in our trials. We find this a very dependable early producer and highly resistant against disease. The fruit is large, roundish in shape, with a glossy purple skin. Pkt. (30 seeds) 50¢; 2 pkts. 90¢; 3 pkts. $1.25; ⅛ oz. $2.25.

ENDIVE

Vitamins A b_1 C b_2

Pkt. will sow 15 ft. row, an ounce 100 ft.

Fine for salads in fall and winter and is easily grown. May be sown anytime until mid-summer. Best quality endive is produced in the fall.



Fullheart on the right and Green Curled Pancalier on the left, with a light mulch, will hold in condition until Christmas.

289 **FULL HEART BATAVIAN (Escarole):** 90 days. This is the best variety of broad leaved endive. Plants medium large with very deep, full, compact, well blanched hearts of infolded, broad leaves that are of thick butter texture. Pkt. 25¢; oz. 45¢; ¼ lb. 95¢; ½ lb. $1.65.

★290 **GREEN CURLED PANCALIER (Chicory):** 95 days. Popular fringed variety—more finely cut leaves than Deep Heart. The leaves are broad and are finely curled. It is a strong, robust plant and produces fine deep hearts when fully grown. It is tender and makes most appetizing and attractive salads. Centers blanch to rich creamy white. Pkt. 25¢; oz. 45¢; ¼ lb. 95¢; ½ lb. $1.65.

HERBS

274 **DILL, Long Island Mammoth:** 70 days. Larger and much superior to common dill. Very easily grown for making "Dill Pickles"; fine for flavoring too. Pkt. 25¢; oz. 35¢; ¼ lb. 55¢; ½ lb. 85¢; lb. $1.55.

278 **BASIL, LARGE LETTUCE LEAF:** The leaves, green or dried, are used for flavoring soups, stews, salads. Pkt. 25¢; ½ oz. 65¢; oz. $1.00.

279 **THYME:** Small perennial; the aromatic foliage is popular for seasoning many foods. Protect with straw in winter. Pkt. 25¢; ½ oz. 95¢; oz. $1.75.

281 **SUMMER SAVORY:** The small leaves may be used fresh or dried on the stems. Excellent for flavoring soups, meats and stuffings. Pkt. 25¢; ½ oz. 65¢; oz. 95¢.

282 **SAGE, BROAD LEAVED:** True perennial and when once started will last for years. Home grown sage leaves are much better than the commercial product for seasoning. Pkt. 25¢; ½ oz. 60¢; oz. $1.00.

KALE

Vitamins A b_1 C B_2

Pkt. will sow 15 ft. row

★293 **DWARF CURLED VATES STRAIN:** 55 days. A very hardy and most attractive dark blue-green, low spreading variety growing 16 to 20 inches tall. Leaves are very finely curled. Used for "greens" or garnishing in late fall and winter. Pkt. 20¢; ½ oz. 30¢; 1 oz. 45¢; ¼ lb. 95¢; ½ lb. $1.65; lb. $2.75.

KOHL RABI

Vitamins b_1 C

Pkt. will sow 15 ft. row

★295 **EARLY WHITE VIENNA:** 55 days. Bulbs flattened globe shape, pale green; interior is white, mild, crisp, and tender. When cooked it has a more delicate flavor than turnip and is not as watery. The bulbs become very tough as they grow older. For a continuous supply sow every two weeks until July. Pkt. 25¢; ½ oz. 50¢; oz. 80¢; ¼ lb. $1.30; ½ lb. $2.40; lb. $3.60.

LEEK

297 **AMERICAN FLAG:** 150 days. A popular gardeners' variety with long, thick, well branched stems. Blanch by drawing earth around it—makes an appetizing salad, or can be eaten like green onions. Pkt. 25¢; ½ oz. 60¢; oz. $1.05; ¼ lb. $2.70.

I have been more than pleased with the very fine seeds and plants that I got from your firm in the spring.

LETTUCE

Vitamins: Head Lettuce — a b_1 c b_2 Loose-Leaf Lettuce — A b_1 C b_2

Pkt. will sow 30 ft. row, an ounce 250 ft.

HEADING VARIETIES

Field Tested Seed is a service to our growers. The seed is held over one year and field tested in a commercial grower's field. Only seed approved by state authorities is then sold.

★302 **CORNELL 456 (Field Tested Seed):** 79 days. Leading Iceberg variety that is earlier and smaller heading than Great Lakes. Widely used by lettuce growers on New York muckland. It is very slow to bolt, tip-burn resistant and practically a sure header. For several years we have sown Cornell 456 in our own gardens because it is very satisfactory either as a leaf lettuce or as a heading variety. The leaves are crisp, tender, free from bitterness and of extra good eating quality. We field test all Cornell 456 lettuce seed before selling for your protection. Pkt. 25¢; ½ oz. 55¢; oz. 75¢; ¼ lb. $1.95; lb. $5.75; 5 lbs. or more $5.50 per lb.

299 **GREAT LAKES 659:** (Field Tested Seed) 78 days. Early maturing when grown for fall crop, plants and heads are smaller than regular Great Lakes—leaf margins are more frilled. Particularly resistant to cold damage. Pkt. 25¢; ½ oz. 55¢; oz. 70¢; ¼ lb. $1.85; lb. $5.25; 5 lbs. or more $5.00 per lb.

300 **GREAT LAKES:** 84 days. A popular large Iceberg variety that matures about 5 to 7 days later than Cornell 456. It stands well without bolting, is resistant to tipburn, and will produce cleaner, harder heads under mid-summer heat than other varieties. The leaves are crisp, thick and very dark green with heavy ribs. Pkt. 25¢; ½ oz. 55¢; oz. 70¢; ¼ lb. $1.85; lb. $5.25; 5 lbs. or more $5.00 per lb.

309 **COS OR ROMAINE, WHITE PARIS SELF-FOLDING:** 72 days. Quite distinctive from other lettuce varieties. Cos forms upright, elongated 10 in. heads. The leaves fold closely together forming a soft head with a heart that is blanched white. Pkt. 20¢; ½ oz. 35¢; oz. 55¢; ¼ lb. $1.25; lb. $3.50; 5 lbs. or more $3.25 per lb.

★305 **WHITE BOSTON (Cornell 43):** 74 days. The best "Butterhead" variety for home gardens. Leaves are light green, smoother and more tender than the crisp heading types. Hearts are buttery yellow. Pkt. 25¢; ½ oz. 35¢; 1 oz. 50¢; ¼ lb. 95¢; lb. $2.85; 5 lbs. or more $2.50 per lb.

LOOSE-LEAF VARIETIES

Only Matchless compares with Bib lettuce. Bib cannot be successfully grown in the Northeast.

★307 **MATCHLESS:** 60 days. Considered by many quality conscious gardeners to be the best loose-leaf salad lettuce they can grow. Matchless is tender, crisp and has a distinctive sweet flavor and wonderful quality even in warm weather. The leaves are dark green, smooth, slender and pointed in shape. The hearts are large, thick, well-blanched and so delicious. Pkt. 20¢; ½ oz. 35¢; oz. 65¢; ¼ lb. $1.75.

★311 **BLACK SEEDED SIMPSON:** 45 days. The most popular loose leaf lettuce for the home garden. Plants are large, attractive, compact, with broad, frilled light green leaves that are of fine, crisp texture and splendid quality. Pkt. 20¢; ½ oz. 35¢; oz. 50¢; ¼ lb. $1.35.

312 **GRAND RAPIDS, Tip-burn resistant:** 45 days. Produces large, broad, tender, well curled leaves. Preferred by many for greenhouse use. Pkt. 20¢; ½ oz. 35¢; oz. 50¢; ¼ lb. 90¢; lb. $2.50; 5 lbs. or more $2.35 per lb.

314 **PRIZEHEAD:** 45 days. A loose-leaved variety of fine quality. Leaves are heavily tinged with red; very crisp, sweet and tender. Pkt. 20¢; ½ oz, 35¢; 1 oz. 50¢; ¼ lb. $1.35.

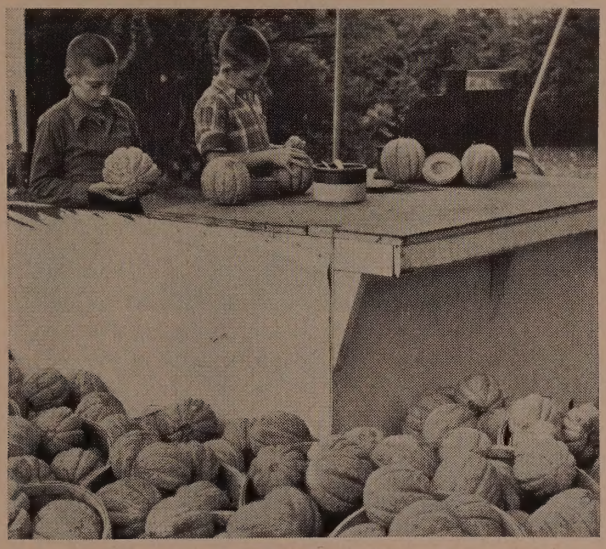
★315 **SALAD BOWL:** 50 days. An outstanding leaf lettuce variety introduced recently that has made many friends. It is an ideal home garden lettuce for it stays crisp, tender and free from bitterness longer than any other variety even in mid-summer heat. Each plant makes an attractive rosette of wavy, notched leaves closely set on short center stems. Pkt. 25¢; ½ oz. 60¢; oz. 85¢; ¼ lb. $2.50.

MUSKMELONS OR CANTALOUPES

Vitamins A b_1 C b_2 Pkt. will plant 20 hills, an ounce 100 hills

319 DELICIOUS 51: 86 days. A fusarium wilt resistant Delicious type melon. Is slightly larger than our Seneca Delicious. Pkt. 25¢; ½ oz. 60¢; oz. 90¢; ¼ lb. $2.25; lb. $5.00.

★320 SENECA DELICIOUS: 85 days. For roadside stands and home gardens **Seneca Delicious** is the best early melon to grow—ripens considerably earlier than Seneca Bender or Iroquois. Fruits are uniform, well netted; flesh is thick, sweet, and of excellent quality. Pkt. 30¢; ½ oz. 65¢; 1 oz. $1.00; ¼ lb. $2.50; lb. $6.85.



Dick and Andy, third generation of seedsmen in the Robson family, are starting young by seeding select Iroquois melons.

322 IROQUOIS: 90 days. **Iroquois,** fusarium wilt resistant, is the only melon to grow on wilt infected soil. Fruits are round to oval, about 6½ inches in diameter, with prominent ribs and good netting. Flesh deep orange color. Pkt. 30¢; ½ oz. 65¢; oz. $1.00; ¼ lb. $2.50; 1 lb. $6.85.

★321 SENECA BENDER: 89 days. Bred and selected on our farms for years, **Seneca Bender** has become highly popular with critical melon growers whose land is not infected with wilt. The melons which uniformly weigh from 5 to 6 pounds have very heavy netting, prominent ribbing and high quality deep orange-yellow flesh. Vines are vigorous and productive. Pkt. 30¢; ½ oz. 65¢; oz. $1.00; ¼ lb. $2.50; lb. $6.85.

326 HARVEST QUEEN: 95 days. A new fusarium wilt resistant melon similar to Queen of Colorado in shape, netting, thick tough rinds and solid high quality flesh. Several days later than Iroquois. Pkt. 25¢; ½ oz. 40¢; oz. 70¢; ¼ lb. $1.60; ½ lb. $2.40; lb. $4.50.

★327 SUPERMARKET F_1 HYBRID: 86 days. A new high quality disease resistant hybrid melon for the commercial grower and home gardener. Supermarket melons are oval averaging 7″ long by 6″ in diameter. Tough rind, heavy netting and oval shape holds the melon firm with little cracking at the blossom end. Flesh deep orange yellow, sweet with a slight musky flavor. Seed cavity small, **Supermarket** is resistant to downy mildew and fusarium wilt, probably our most serious melon disease. It is especially well adapted to Long Island, New Jersey and melon growing areas in the South. Pkt. (50 seeds) 75¢; 2 pkts. $1.40; 3 pkts. $1.95; ½ oz. $4.00; oz. $7.00; ¼ lb. $25.00; 1 lb. $85.00.

328 BURPEE HYBRID: 82 days. A first generation F_1 Hybrid Muskmelon, outstanding for quality and flavor. Fruits are heavily netted, ribbed, round to slightly oval and average 4 to 4½ pounds each. Flesh is deep orange, thick, firm, juicy, sweet and a most delicious flavor. One of the most popular hybrids for the market or home garden. Pkt. (40 seeds) 75¢; 2 pkts. $1.40; 3 pkts. $1.95; ½ oz. $4.50; oz. $8.50; ¼ lb. $30.00; 1 lb. $95.00.

SPECIAL SELECTED MUSKMELON SEED

We have a limited amount of seed of Seneca Delicious, Seneca Bender and Iroquois taken from individual melons that were picked for special trueness to type, thickness, quality and flavor of flesh. We recommend this seed to commercial growers who have quality markets.

Oz. $1.45; ¼ lb. $3.60; 1 lb. $10.00.

WATERMELONS

Vitamins a b_1 c b_2 Pkt. will plant 10 hills, an ounce 40 hills

329 RHODE ISLAND RED: 89 days. An early bright red watermelon that like our ever popular Honey Cream will fully mature here in the Northeast. Melons are oval, ideal in size 8 to 12 lbs. with attractive green stripes and a good firm rind. The attractive red flesh is fine textured, solid, crisp and of good flavor. Pkt. 25¢; 2 pkts. 45¢; oz. 80¢; ¼ lb. $1.55; lb. $4.20.

★334 TAKII GEM: 82 days. An outstanding "Icebox" Watermelon. Melons are extra sweet and fine in flavor and texture. Oval in shape 5–6 in. in diameter. Pkt. 25¢; 2 pkts. 45¢; oz. 80¢; ¼ lb. $1.65; lb. $4.50.

★330 GOLDEN HONEY CREAM: 88 days. An extra early maturing yellow fleshed watermelon that is ideal for home garden and roadside stands. Golden Honey Cream is unexcelled for sweetness and fine flavor. Pkt. 25¢; 2 pkts. 45¢; oz. 80¢; ¼ lb. $1.55; lb. $4.20.

332 SUGAR BABY: 85 days. An early, small "Icebox" variety. Firm, solid, crisp red flesh of good quality with few small seeds. Immature fruit shows stripes but ripens to almost solid black. Uniform, perfectly round. Pkt. 25¢; 2 pkts. 45¢; oz. 75¢; ¼ lb. $1.40; lb. $3.25.

ONION SEED

Vitamins b_1 c b_2 Pkt. will sow 25 ft. row, ½ oz. 100 ft.

338 DOWNING YELLOW GLOBE: 112 days. Trapps strain. **Downing** is outstanding in that it combines an excellent keeping quality with a high yield. Bulbs are globe shaped, deep bronze in color, solid with tight fitting skins. Pkt. 25¢; ½ oz. 45¢; 1 oz. 85¢; ¼ lb. $1.65; ½ lb. $2.75; 1 lb. $5.00; 5 lbs. or more $4.75 per lb.; 25 lbs. or more $4.50 per lb.

339 PREMIER HYBRID: NEW: 110 days. A firm dark yellow, deep globe-shaped onion. **Premier Hybrid** is a heavy yielder and a fine long storage hybrid. Pkt. 25¢; ½ oz. 60¢; 1 oz. 90¢; ¼ lb. $2.75; ½ lb. $4.25; lb. $8.00; 5 lbs. $7.75 per lb.; 25 lbs. or more $7.25 per lb.

★340 EARLY YELLOW GLOBE: 100 days. The best early yellow onion. Bulbs are attractive, nearly globe-shaped, medium large, solid, deep yellow with a tight skin that makes them good keepers. Pkt. 25¢; ½ oz. 45¢; oz. 85¢; ¼ lb. $1.65; ½ lb. $2.75; lb. $5.00; 5 lbs. $4.75 per lb.; 25 lbs. $4.50 per lb.

★342 SWEET SPANISH, Utah Strain: 115 days. Noted for extra large mild sweet onions often weighing a pound or more. Bulbs deep globe-shape, small neck, golden brown skin. Pkt. 25¢; ½ oz. 45¢; oz. 85¢; ¼ lb. $2.00; ½ lb. $3.30; lb. $5.50; 5 lbs. $5.40 per lb.; 25 lbs. $5.25 per lb.

344 SOUTHPORT RED GLOBE: 110 days. Bulbs large, globe-shaped; skin thick; deep purplish-red; flesh white with strong flavor. Pkt. 25¢; ½ oz. 45¢; oz. 85¢; ¼ lb. $1.90; ½ lb. $3.15; lb. $5.25; 5 lbs. $5.00 per lb.; 25 lbs. or more $4.75 per lb.

346 EVERGREEN LONG WHITE BUNCHING: 120 days. Produces 3 to 6 large green onions per plant, does not form a bulb. A second sowing in the Fall, given a little protection, produces early green onions in the Spring. Pkt. 25¢; ½ oz. 55¢; 1 oz. 85¢; ¼ lb. $1.65; ½ lb. $2.75; 1 lb. $5.00.

347 ELITE: 110 days. A new highly recommended hybrid onion. Elite is outstanding in that it combines large size, and top yields with fine keeping quality. These firm, uniform bulbs are deep globed in shape with heavy bronze skin. Especially adapted for Western New York muckland. Pkt. 25¢; ½ oz. 60¢; 1 oz. 90¢; ¼ lb. $2.75; ½ lb. $4.25; 1 lb. $8.00; 5 lbs. $7.75 per lb.; 25 lbs. or more $7.25 per lb.

348 IOWA 44: 112 days. This is a very popular storage onion in western New York. Firm with thick dark skin, small neck, deep globe-shaped medium size and good uniformity. Pkt. 25¢; ½ oz. 45¢; 1 oz. 75¢; ¼ lb. $1.65; ½ lb. $2.55; 1 lb. $4.90; 5 lbs. or more $4.65 per lb.; 25 lbs. or more $4.25 per lb.

Since our introductions to Seneca Chief Hybrid sweet corn, we have never had any other kind on our farm.

Ballston Spa, N. Y.

ONION PLANTS

Bunch will plant 30 ft. row

You may harvest sweet onions weighing as much as a pound each from Robsons Utah Sweet Spanish Onion plants.

★UTAH SWEET SPANISH ONION PLANTS: These Texas grown onion plants are so easy to transplant, so hardy and produce such large, dry onions that they are becoming more popular each year. Per bunch 70¢; (Bunches vary in count according to size of plants); 5 bunches $2.85; 10 bunches, $4.60; prepaid; crate (60 bunches) $12.50, not prepaid. Weight about 30 lbs. per crate.

ONION SETS

1 lb. will set 75 to 100 ft. row

★EBENEZER SETS: These sets are small onions less than ¾ inch in diameter. When set in rows they produce green onions or if allowed to develop will form medium sized cooking onions. Lb. 60¢; 2 lbs. $1.15; pk. (8 lbs.) $2.75; Prepaid: Bu. (32 lbs.) $6.25; 2 bu. $12.25 Not Prepaid.

PARSNIPS

Vitamins b_1 C
Pkt. will sow 40 ft. row

★352 HARRIS MODEL: 120 days. Roots are well-shaped, not too long, remarkably smooth and uniformly snow white. Seed is grown from selected transplanted roots. Pkt. 20¢; ½ oz. 35¢; oz. 45¢; ¼ lb. 70¢; ½ lb. $1.05; lb. $1.70; 5 lbs. or more $1.60 per lb.

For several years I have been ordering from you and have been having good success with Seneca seeds. In fact, for many years I have won the blue ribbon at the County Fair.

E. D. Babbitt
P. O. Box 561
Flagstaff, Ariz.

PEAS

Vitamins A B_1 C b_2 1 lb. will sow 100 ft. row

You can sow Wando peas early or late and still get a good crop. Bred in the South to stand early planting in cold soil we found Wando also will stand a lot of heat.

★**360 WANDO:** 65 days. Many gardens are planted too late to produce a good crop of peas. **Wando** is a pea you can plant as late as June 15th and still get a good crop of high quality peas. Wando's 2½ ft. vines yield well; peas are excellent in flavor and quality and freeze well. ½ lb. 55¢; lb. 80¢; 2 lbs. $1.55; 5 lbs. $2.25; 15 lbs. $5.15; 25 lbs. or more 30¢ per lb.

PEPPERS

Vitamins A b_1 C b_2

Pkt. produces 75 plants. An oz. 1500 plants

382 KEYSTONE GIANT RESISTANT: 80 days. Plant 28 in. tall, upright with good foliage. Vigorous and a heavy yielder. Peppers glossy dark green; 4 to 4½ in. long, 3¾ in. across; 4 lobed; thick meated. Pkt. 35¢; ¼ oz. 50¢; ½ oz. 65¢; oz. $1.10; ¼ lb. $3.25; ½ lb. $7.00; 1–4 lbs. $10.00 per lb.

★**375 PENNWONDER:** 60 days. We consider Pennwonder the most satisfactory pepper to raise. Year in and year out it sets excellent crops of large, extra thick-fleshed fruits while other standard varieties often fail or produce small crops. Fruits are early, an attractive blocky or tapered shape, dark green turning to rich red when ripe and the flesh is sweet and mild. Pkt. 35¢; ¼ oz. 60¢; ½ oz. 85¢; oz. $1.20; ¼ lb. $3.65.

384 HUNGARIAN YELLOW WAX: 70 days. Early, very hot, ripens to a waxy yellow, turning bright red, when fully ripe. Fruits are 5 to 6 in. long, 2 in. in diameter at the shoulder, tapering to a point. Pkt. 35¢; ¼ oz. 60¢; ½ oz. 85¢; oz. $1.15; ¼ lb. $3.60.

The Wando peas were so sweet and delicious, I never have had such early peas.

Mrs. Ida M. Gower, Long Pond, Pa.

361 LITTLE MARVEL: 62 days. Heavy yield, earliness, delicious high quality peas and an attractive appearance makes **Little Marvel** a most desirable variety for table use and freezing. The 18 inch vines bear a heavy crop of dark green, nearly round, square-ended pods 3 in. long; tightly packed with 7 to 8 sweet, tender peas. ½ lb. 55¢; lb. 80¢; 2 lbs. $1.55; 5 lbs. $2.30; 15 lbs. $5.25; 25 lbs. or more 32¢ per lb.

362 WORLD'S RECORD or EARLY GRADUS: 57 days. Our earliest pea. Popular because of earliness, large pods and fine quality. Vines 2½ ft. ½ lb. 55¢; lb. 80¢; 2 lbs. $1.55; 5 lbs. $2.25; 15 lbs. $5.20; 25 lbs. or more 31¢ per lb.

363 GREATER PROGRESS: 60 days. (Wilt Resistant) Preferred by many growers as their second early pea because of its uniform, attractive large pods and excellent quality. Vines dark green, 18 in. high. ½ lb. 55¢; lb. 80¢; 2 lbs. $1.55; 5 lbs. $2.20; 15 lbs. $5.05; 25 lbs. or more 30¢ per lb.

364 FREEZONIAN: 59 days. (3¼ ft.) (Wilt Resistant): A refined Thomas Laxton with the same good quality and earliness—excellent for freezing too. Pods are broad, dark green, 3–3½ in. long with 6 to 8 large, tender peas. ½ lb. 55¢; lb. 80¢; 2 lbs. $1.55; 5 lbs. $2.20; 15 lbs. $5.05; 25 lbs. or more 29¢ per lb.

PARSLEY

Pkt. will sow 25 ft. row

★**355 CHAMPION OR TRIPLE MOSS CURLED:** 75 days. Plants compact; leaves dark green and finely cut and curled. More rapid grower than Paramount and longer stemmed. Pkts. 25¢; ½ oz. 35¢; oz. 50¢; ¼ lb. 80¢; ½ lb. $1.25; lb. $2.30.

★**356 PARAMOUNT:** 85 days. The finest dwarf curled parsley. Deep green, no flat leaves. A quality variety. Pkt. 25¢; ½ oz. 35¢; oz. 50¢; ¼ lb. 80¢; ½ lb. $1.25; lb. $2.30.

The big later varieties of peppers just do not do so well in most sections of the Northeast. We recommend Pennwonder.

PUMPKIN

Vitamins A b_1 c b_2
Pkt. will plant 6 hills, an ounce 20 hills

★385 **JACK O'LANTERN:** 120 days. Jack O'Lantern is a pumpkin bred specifically for Halloween use; it is just the right size and shape for best and easiest Jack O'Lantern carving. Fruits stand 9 in. high measure 7 to 8 in. in diameter and have smooth skin with firm, even textured flesh. Pkt. 20¢; oz. 50¢; ¼ lb. 95¢; ½ lb. $1.70; lb. $2.50; 5 lbs. or more $2.25 per lb.

★387 **SMALL SUGAR OR NEW ENGLAND PIE:** 110 days. The favorite pie pumpkin. Fruits are small, deep orange, slightly ribbed and nearly round weighing 6 to 8 pounds. The flesh is rich orange, fine grained, sweet and of the finest quality. Pkt. 25¢; oz. 40¢; ¼ lb. 80¢; ½ lb. $1.40; lb. $2.10; 5 lbs. or more $1.90 per lb.

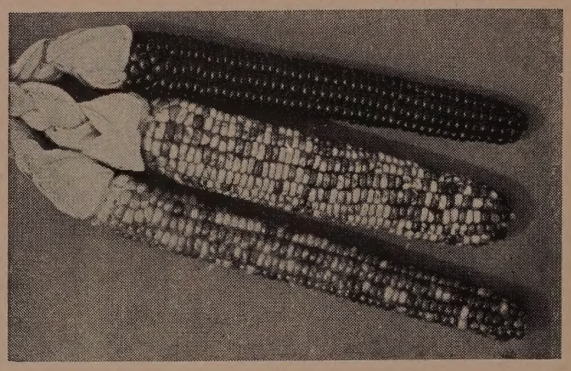
388 **CONNECTICUT FIELD:** 120 days. This is the common large yellow field pumpkin. Skin smooth, deep orange; flesh thick, coarse, sweet, deep yellow. Pkt. 20¢; oz. 40¢; ¼ lb. 80¢; ½ lb. $1.40; lb. $2.10; 5 lbs. or more $1.90 per lb.

★389 **YOUNG'S BEAUTY:** Uniformly round and bright orange of intermediate size, it has a hard, moderately ribbed skin. **Young's Beauty** is ideal for home gardens and especially the Hallowe'en trade as it has a good tough stem and stays firm after cutting. Pkt. 25¢; 1 oz. 45¢; ¼ lb. 85¢; ½ lb. $1.45; 1 lb. $2.30; 5 lbs. or more $2.10 per lb.

Any pheasant brave enough to continue feeding while having its picture taken, just proves Robsons Wildlife Corn is worth planting to attract game birds.

230 **SENECA WILD LIFE CORN:** 100 days. Robsons have developed a Wild Life Corn specifically adapted to the needs of the ringneck pheasant. Plants vary from 3 to 5½ feet. The short stalk enables hunters and judges to easily see the dogs and birds. Ears stand erect on a stiff, sturdy stalk, varying from 1 to 3 feet above the ground, with open tip readily available to the birds. Variable ear height allows for **all winter survival** food when snow is deep. Kernels are highly nutritious, easily removed from the ear, and very palatable to the birds, as evidenced in the picture. 1 peck $5.50; ½ bu. $9.75; bu. $18.50.

ORNAMENTAL CORN



Ornamental Corn is interesting to grow and fun to use for decorative purposes. Almost any color in the rainbow.

1212 **INDIAN ORNAMENTAL CORN** is becoming increasingly popular for fall and winter decorations. Many growers are finding that these gaily colored ears sell like hot cakes when displayed in their roadside stands. It is easy to grow and fun to discover the different color combinations when husking begins. Pkt. 25¢; ¼ lb. 50¢; ½ lb. 75¢; lb. $1.15; 2 lbs. $2.25; 5 lbs. $4.75; 10 lbs. $7.25.

1214 **STRAWBERRY CORN:** Last year we introduced a new ornamental Strawberry Corn. The ears in shape, size and color resemble a red-ripe strawberry and is especially adapted to table decoration. Pick the ears when ripe, pull back and tie the husk. Hang up to dry. When thoroughly dry, spray with clear lacquer using an aersol bomb. Apply the same on ornamental corn. It brightens the kernels and holds them tight. Pkt. 25¢; ¼ lb. 75¢; ½ lb. $1.40; lb. $2.25.

POP CORN

Pkt. will plant 150 ft. row

There's nothing as good as a bowl of hot, buttery, Hybrid Hulless to make an evening at home even more enjoyable.

★235 **HYBRID HULLESS (Minhybrid 250):** The best tasting and a productive early white pop corn for the Northeast. No other variety compares with Hybrid Hulless for tenderness, sweetness and all-around goodness. Pkt. 20¢; ½ lb. 65¢; lb. $1.05; 2 lbs. $2.05; 5 lbs. $4.45.

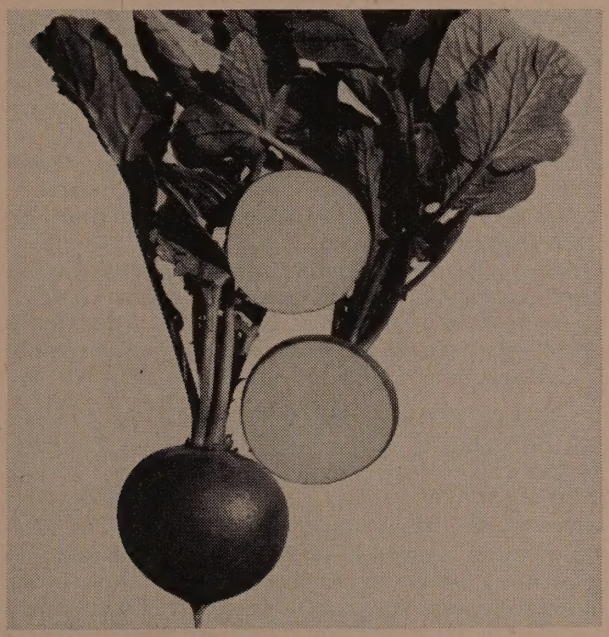
RADISH

Vitamins b_1 c b_2
Pkt. will sow 25 ft. row, an ounce 100 ft.

★390 **COMET:** 25 days. Best round radish for home and market gardens. Will stand much longer than other varieties without getting soft and pithy. With its bright red color and neat round shape, Comet's appearance is most attractive. The tops are medium short and the tap roots are very fine. Pkt. 20¢; oz. 35¢; ¼ lb. 50¢; ½ lb. 75¢; lb. $1.15; 5 lbs. or more $1.00 per lb.

391 **CAVALIER:** 22 days. Ours is a particularly uniform strain of Cavalier. Radishes are the true olive shape, brilliant scarlet in color, firm and crisp, uniform short tops. Pkt. 20¢; oz. 35¢; ¼ lb. 50¢; ½ lb. 75¢; lb. $1.15; 5 lbs. or more $1.00 per lb.

392 **EARLY SCARLET GLOBE:** 23 days. Popular old variety with many gardeners. Radishes are oval, bright scarlet; flesh white, crisp and moderately mild. Pkt. 20¢; oz. 40¢; ¼ lb. 55¢; ½ lb. 75¢; lb. $1.15; 5 lbs. or more $1.00 per lb.



You never ate a radish like the All America Winner Champion. So big that you would surely think it was pithy inside, but as Ernie Ford would say, "It Ain't".

★396 **CHAMPION:** ALL-AMERICA SELECTION 25 days. An outstanding All-America Winner for 1957. Champion is a large round, beautifully colored radish that is solid, crisp, mild and free from pithiness even when large in size. Pkt. 25¢; ½ oz. 40¢; oz. 60¢; ¼ lb. $1.65; ½ lb. $2.50.

398 **ICICLE:** 30 days. The best early white variety. Tops small. Roots long, tapered; very white throughout, brittle as ice; mild and of high quality. Pkt. 20¢; oz. 40¢; ¼ lb. 55¢; ½ lb. 80¢; lb. $1.20; 5 lbs. or more $1.10 per lb.

★399 **RADISH BLEND:** This is a blend of Comet, Early Scarlet Globe, and White Icicle radishes for the home garden. The varieties mature at different times. Pkt. 20¢; oz. 40¢; ¼ lb. 55¢; ½ lb. 80¢; lb. $1.20; 5 lbs. or more $1.05 per lb.

SWISS CHARD

Vitamins A C b_2
Pkt. will sow 15 ft. row, an ounce 100 ft.

You either like swiss chard or you don't. If you do, try Ruby, it's better eating. But just in case you don't like it, your wife can use it in flower arrangements.

★448 **RUBY:** 60 days. A chard that is red as its name implies and has more of a beet flavor than either Lucullus or Fordhook Giant. Leaves are crumpled; stems, midribs and veins are bright red. Pkt. 25¢; ½ oz. 45¢; oz. 60¢; ¼ lb. 95¢.

★446 **FORDHOOK GIANT:** 60 days. This is the most popular strain of Swiss Chard. It has larger and thicker leaves than other varieties and they are heavily crumpled and very dark green. The stem and midrib are broad, thick and white, and the plants are vigorous and sturdy. Pkt. 20¢; ½ oz. 40¢; oz. 50¢; ¼ lb. 65¢; lb. $1.65.

TURNIPS

Vitamins b_1 C b_2
Pkt. will sow 25 ft. row, oz. 100 ft.

★475 **PURPLE TOP WHITE GLOBE:** 57 days. A popular turnip because of its attractive appearance and fine quality. Flesh is white, crisp and mild flavored. Pkt. 20¢; oz. 40¢; ¼ lb. 55¢; lb. $1.15.

485 **RUTABAGA, Improved Long Island:** 90 days. Roots are large, spherical, purplish-red above ground, light yellow below; tap-root small. Flesh is yellow, fine grained, firm, crisp, mild and sweet. Pkt. 20¢; oz. 35¢; ¼ lb. 65¢; lb. $1.25.

OKRA or GUMBO

350 **EMERALD:** 58 days. An early maturing variety for the North. Pods are good sized, dark green, round instead of ribbed, fleshy and tender. Use in soups, stews or fried. Pkt. 20¢; oz. 35¢; ¼ lb. 50¢; ½ lb. 80¢; lb. $1.25.

SALSIFY OR VEGETABLE OYSTER

★354 **MAMMOTH SANDWICH ISLAND:** An improved variety, that grows roots 8 to 9 inches long, 1½ to 2 inches in diameter at the top and are very even with a slightly tapering shape. Fine quality. Pkt. 25¢; ½ oz. 45¢; oz. 70¢; ¼ lb. $1.60; ½ lb. $2.85; lb. $4.30.

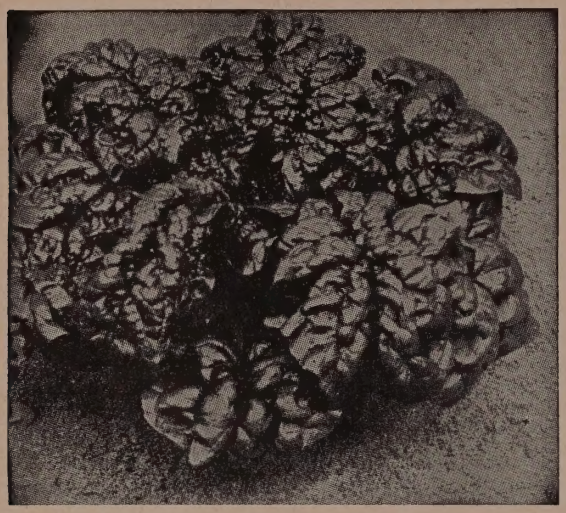
SPINACH

Vitamins A b_1 C b_2
Pkt. will sow 25 ft. row, an ounce 85 ft.

403 HYBRID No. 7 SPINACH: 40–45 days. This is the first true F_1 hybrid spinach recently developed by the U.S.D.A. Hybrid No. 7 is extremely fast growing, very heavy yielding and is blight resistant. Plants and leaves are large, semi-savoyed, glossy and dark green. Developed for fall crops, Hybrid No. 7 should be planted in August for top quality fall spinach. Pkt. 25¢; oz. 50¢; ¼ lb. 80¢; lb. $1.60; 5 lbs. $7.60; 25 lbs. or more $1.45 per lb.

405 LONG STANDING BLOOMSDALE: 45 days. Until America was introduced, Long Standing Bloomsdale was the outstanding savoyed spinach for color and holding without bolting to seed. It is several days earlier than America and is still an excellent, high quality variety to grow. Pkt. 20¢; oz. 35¢; ¼ lb. 50¢; lb. 70¢; 5 lbs. $2.65; 25 lbs. or more 42¢ per lb.

408 BLIGHT RESISTANT SAVOY: 40 days. Fall grown spinach in many areas becomes infected with blight or "yellows" disease. This fine savoyed variety is resistant to blight and produces vigorous plants with heavy, dark green, well crumpled leaves when others fail. Pkt. 20¢; oz. 40¢; ¼ lb. 60¢; lb. 70¢; 5 lbs. $2.65; 25 lbs. or more 42¢ per lb.



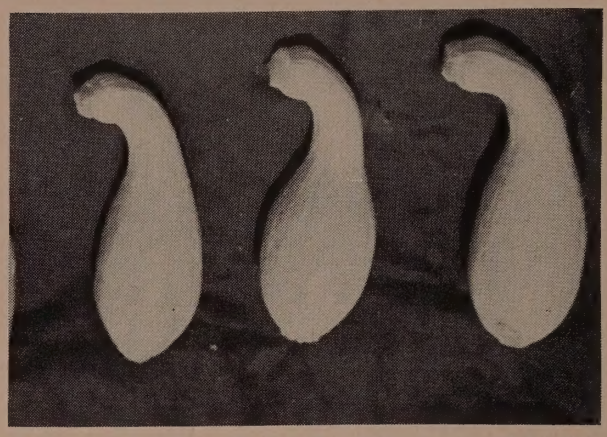
America holds in eating condition a long time. No wonder America won an "All America" award.

★404 AMERICA: 50 days. ALL-AMERICA SELECTION A favorite outstanding variety that is the darkest green and longest standing of any savoyed spinach we have seen. Not as quick growing as the other varieties but it remains in edible condition long after the others have bolted to seed stalks. Fine for freezing. Pkt. 20¢; oz. 40¢; ¼ lb. 60¢; lb. 70¢; 5 lbs. $2.65; 25 lbs. or more 42¢ per lb.

410 NEW ZEALAND: 70 days. A perennial spinach that thrives in hot, dry weather and produces numerous small, thick, pointed, deep green leaves which can be picked repeatedly throughout the season. Seeds are nut-like and slow to germinate. Pkt. 20¢; 1 oz. 40¢; ¼ lb. 60¢; 1 lb. 70¢; 5 lbs. $2.65; 25 lbs. or more 42¢ per lb.

SUMMER SQUASH

Vitamins A b_1 c b_2
Pkt. will plant 10 hills, an ounce 40 hills



Seneca Baby Crookneck has that enjoyable rich flavor. Plant some early this year and pick fresh, tender squash for many weeks.

412 SENECA BABY CROOKNECK HYBRID: NEW: 46 days. An outstanding new F_1 Hybrid Baby Summer Crookneck Squash. Combines **uniform buttery yellow color** and excellent shape. Exceptionally heavy yielder, smooth skinned, free from warts and ribbing, which reduces bruising, thereby prolonging market freshness. The thicker tapering neck and modified crook allows for reduced breakage in harvesting and shipping.

Seneca Baby Crookneck will pick a week earlier than Early Summer Crookneck and far outyields it through the summer. Pkt. 25¢; ½ oz. 50¢; 1 oz. 80¢; ¼ lb. $2.10; 1 lb. $6.25; 5 lbs. or more $6.00 per lb.

★414 SENECA ZUCCHINI HYBRID: 47 days. An outstanding extra early dark green Zucchini summer squash developed on our farms. It is a true F_1 hybrid variety that is much earlier and more prolific than any other Zucchini. The Zucchini type squash have not been as commonly grown by home gardeners as the yellow types, however, we find that our Zucchini Hybrid has a wonderfully fine flavor and quality. Use it just as any other summer squash. Pkt. 25¢; ½ oz. 50¢; oz. 80¢; ¼ lb. $2.10; lb. $6.25; 5 lbs. or more $6.00 per lb.

416 EARLY PROLIFIC: 55 days. An attractive yellow squash of fine quality. It is early, highly productive; fruits are smooth and have a bright waxy appearance. Pkt. 20¢; ½ oz. 35¢; oz. 55¢; ¼ lb. $1.05; lb. $2.65; 5 lbs. or more $2.35 per lb.

★420 SENECA PROLIFIC HYBRID: 49 days. An outstanding yellow summer squash that is not only first to ripen but yields more fruits early and throughout the season than any other variety we have ever tested. **Seneca Prolific** is a true F_1 hybrid developed by our plant breeders that produces extremely uniform and most attractive long, smooth, light creamy yellow fruits. Flavor and quality of flesh are excellent. Pkt. 25¢; ½ oz. 50¢; oz. 80¢; ¼ lb. $2.10; lb. $6.25; 5 lbs. or more $6.00 per lb.

WINTER SQUASH

Vitamins A b_1 c b_2 Pkt. will plant 6 hills, an ounce 25 hills

423 ROYAL ACORN or LARGE TABLE QUEEN: 90 days. Selected out of Table Queen for uniformly larger fruits and now the favorite small individual squash. The flesh is thick and excellent for baking. Noted for big yields and is an excellent keeper. Pkt. 20¢; ½ oz. 35¢; oz. 50¢; ¼ lb. 90¢; lb. $2.35; 5 lbs. or more $2.10 per lb.

Buttercup has qualities seldom found combined in one squash: Family size, cooks up dry, free from fibre, and excellent flavor.

★425 SENECA BUTTERCUP: 110 days. Specially selected seed from squash that have passed our cooking tests. The excellent flavor and quality of **Seneca Buttercup** has made it our favorite. Fruits are turban-shaped, 6 to 8 in. in diameter, slightly ribbed, deep dull green, faintly striped and flecked with dull gray. Flesh is deep golden orange, smooth in texture and entirely free of stringiness. Just the right size for the family. Buttercup is also excellent for freezing. Pkt. 25¢; ½ oz. 45¢; oz. 65¢; ¼ lb. $1.60; lb. $4.20; 5 lbs. or more $3.95 per lb.

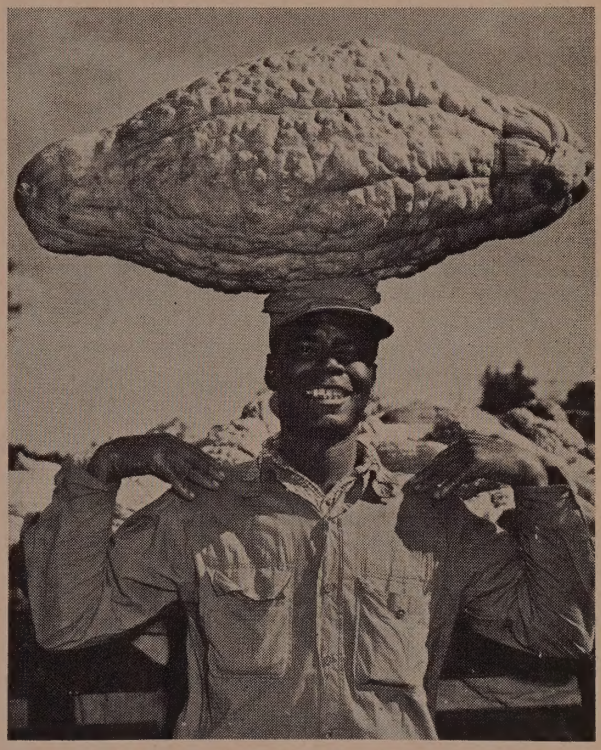
★426 BUTTERNUT: 100 days. More popular with both home and market gardeners every year because it is just the right size for serving the average family; it is easy to peel and prepare for the table; it has a distinctive flavor and high quality; and it is the only variety that is not attacked by squash vine borers. Our **Butternut** is an extremely uniform strain producing fruits 7 to 9 inches long with a neck about 4 inches in diameter which is solid flesh. The seed cavity is small and is located in the lower bowl-shaped end; skin color is a light creamy brown. The flesh is yellow, fine grained, dry, of good quality and is a good keeper. Pkt. 25¢; ½ oz. 45¢; oz. 65¢; ¼ lb. $1.60; lb. $4.50; 5 lbs. or more $4.25 per lb.

429 GREEN DELICIOUS: 103 days. One of the best of the smaller high quality squash. Fruits are broad top-shaped, commonly 7 to 8 inches long. Skin is very dark green, fairly smooth. Rind is thin but hard. Flesh is extremely thick, bright yellow, fine grained and dry, without fibre, and of highest quality. Pkt. 20¢; ½ oz. 35¢; oz. 50¢; ¼ lb. $1.05; lb. $2.75; 5 lbs. or more $2.50 per lb.

430 GOLDEN DELICIOUS: 105 days. This is a bright orange top-shaped squash. The flesh is thick, deep orange, fine grained, dry with excellent flavor. A reliable keeper. Pkt. 20¢; ½ oz. 45¢; 1 oz. 65¢; ¼ lb. $1.50; 1 lb. $3.00; 5 lbs. or more $2.75 per lb.

436 GOLDEN HUBBARD: 100 days. Similar to Green Hubbard, but earlier, smaller, and more prolific. Fruits moderately warted, orange-red; flesh deep orange and dry. Pkt. 20¢; ½ oz. 45¢; oz. 65¢; ¼ lb. $1.50; lb. $3.00; 5 lbs. or more $2.75 per lb.

★431 QUALITY: 103 days. Attractive dark green heart-shaped fruits have thick, deep orange flesh that is fine grained, dry, without fibre. Fruits just the right size, 5 to 10 lbs. Popular with both home and market gardeners. Pkt. 20¢; ½ oz. 35¢; oz. 45¢; ¼ lb. 95¢; lb. $2.50; 5 lbs. or more $2.25 per lb.



The Blue Hubbard weighs 85¾ lbs. but this Jamaican boy finds his head the most convenient place to carry it.

433 BLUE HUBBARD (Eastern grown): 105 days. Our strain of Blue Hubbard we believe is **more uniform in type and of better quality** than other New England type strains. Squash are large, averaging 30 lbs. in weight, long, pointed at both ends, slightly ridged with a very hard blue-gray rind and small seed cavity. One of the best keepers and fine for freezing. Pkt. 25¢; ½ oz. 50¢; oz. 75¢; ¼ lb. $1.85; 1 lb. $5.25; 5 lbs. or more $5.00 per lb.

At Cornell last year, we sampled and thought very highly of your Butternut and Buttercup squash. John Coyne, Handsboro, Miss.

TOMATOES

Vitamins A b c g
1 oz. should produce 1500 plants
Hot Water Treated

EARLY VARIETIES

450 GEM: New York Certified. 68 days. A heavy yielding second early variety. Plants are smaller more compact permitting closer planting—are easy to spray and pick. Fruits are large, with firm meaty interiors. Pkt. 30¢; ½ oz. 70¢; oz. $1.00; ¼ lb. $3.25; lb. $10.00.

466 GENEVA NO. 11: 68 days. An early "potato leaf" variety developed at Geneva Exp. Station. Good resistance to verticillium wilt. Fruits excellent red color, even in late pickings; medium size. Early yields high, and continue high throughout canning season. Fruit solid with little cracking and holds well in ripe stage. Pkt. 25¢; ½ oz. 55¢; oz. 80¢; ¼ lb. $2.65; lb. $8.40.

463 VICTOR: 66 days. Vine is short with branching foliage, rather sparse permitting closer planting than most varieties . Fruits are smooth, about 3 in. in diameter, globe-shaped or slightly flattened, ripening to a full deep scarlet, and does not ordinarily crack. Pkt. 25¢; ½ oz. 55¢; oz. 80¢; ¼ lb. $2.65; 1 lb. $8.40.

451 VALIANT: 65 days. Popular early variety because of its large size, extra earliness and its ability to continue to bear all through the season. It has the solid fruit and superior quality of the later kinds. Under some conditions Valiant is subject to cracking around the stem. Pkt. 30¢; ½ oz. 60¢; oz. 85¢; ¼ lb. $2.75; lb. $9.00.

YELLOW VARIETY

464 MORDEN: 65 days. An early yellow tomato that has been very impressive in our trials because of its heavy yields of attractive yellow fruits far earlier than Sunray or other yellow varieties. The flesh is firm, mild in flavor and of good quality. Pkt. 25¢; ½ oz. 75¢; 1 oz. $1.40.

SMALL FRUITED VARIETIES

469 LARGE ITALIAN RED PEAR: 75 days. Large pear-shaped tomatoes borne in clusters of 4 to 7 fruits on vigorous vines. Widely used for tomato paste and canning "Italian style". Pkt. 30¢; ½ oz. 90¢; oz. $1.50; ¼ lb. $4.00; lb. $14.00.

I had excellent results with your Seneca Chief sweet corn this past season.

Dailey's Farm Market
Nineveh, N. Y.

BE SURE TO READ ABOUT DUSTS AND SPRAYS FOR YOUR TOMATOES ON PAGE 27.

Fireball has everything. Early enough so you can "direct seed" as far north as western New York, heavy yields and beautiful interior color.

471 FIREBALL: 65 days. A first early variety that has become very popular for the home garden and local markets. The plant is small. To secure maximum yields the plants should be set as close as 1 to 1½ ft. in the row. The fruit is round, medium size and produced in great abundance. Truly a valuable addition to our list of tomato varieties. Pkt. 25¢; ½ oz. 75¢; oz. $1.40; ¼ lb. $4.50; lb. $15.00; 5 lbs. or more $12.00 per lb.

Try Blossom-Set For Earlier Tomatoes

Cool temperatures early in the season make fruit blossoms fall off. Two or three applications of Blossom-Set Hormone Spray will give you better fruit set early. 4 oz. bottle, makes 1–2 gals.—85¢; 12 oz. aerosol bomb —$1.95 PREPAID.

TOMATO-FIRM

A method of keeping canned tomatoes firm developed by the N.Y.S. Experiment Sta. Simply put 2 tablets, each containing 24 grains of table salt and 6 grains of calcium chloride, in each quart jar before processing. Bottle of 50 tablets 60¢.

The seeds I obtained from you gave the most satisfying results I have ever had. Your corn, in particular, was the finest in quality I have ever grown. Mrs. C. James Klett, Perry Point, Md.

TOMATOES

MAIN CROP VARIETIES

Vitamins A b c g
1 oz. should produce 1500 plants
Hot Water Treated

Red Jacket is still the most popular main season tomato for the Northeast.

★**455 RED JACKET:** 70 days. Introduced by the N.Y.S. Experiment Station, Red Jacket, **a distinct potato-leaved variety;** highly popular with commercial canners and with home gardeners. Red Jacket is outstanding in yield, quality, color and mild flavor. Vines vigorous with heavy foliage cover. Pkt. 25¢; ½ oz. 55¢; oz. 80¢; ¼ lb. $2.65; lb. $8.40.

★**456 LONGRED:** 72 days. One of the best of the main crop varieties. **Longred** is widely grown by commercial canners, market growers and home gardeners. Fruits are smooth, deep globe-shaped with solid flesh, exceptionally fine rich red color and attractive interior. Pkt. 25¢; ½ oz. 55¢; oz. 80¢; ¼ lb. $2.65; lb. $8.40.

★**460 RUTGERS.** 82 days. Rutgers is one of the finest varieties ever introduced; it is a little late for some sections in the North, however. Fruits are very large, solid, excellent in color and fine flavored. Pkt. 25¢; ½ oz. 65¢; oz. 95¢; ¼ lb. $3.00; lb. $9.00.

★**461 BURPEE'S BIG BOY®:** 78 days. Big Boy is the largest of our true, first generation (F_1) hybrid tomatoes; many weigh 1 lb. and more, some 2 lbs. and over. Unlike other large fruited varieties, Big Boy tomatoes are perfectly smooth, deep globe to deep oblate in shape and very firm; scarlet-red color; thick walls, with bright red, meaty flesh of fine flavor and excellent quality. Pkt. (30 seeds) 50¢; 2 pkts. 95¢; 3 pkts. $1.35; ⅛ oz. $5.50.
®—"Reg. T. M. of W. Atlee Burpee Co."

473 QUAKER-MAID No. 58: 77 days. A crack resistant, mid-season tomato with good size, rich red color and firm flesh when fully ripened. Mature plants are about thirty inches in diameter, foliage about ten inches high. Pkt. 25¢; ½ oz. 55¢; oz. 80¢; ¼ lb. $2.65; lb. $8.40.

It has been a pleasure using your seeds, they are 100% O. K. R. A. Paul, Montagua, Mich.

★VALENTINE RHUBARB ROOTS

We believe Valentine is superior to all other varieties that we have grown. It is a deep red stalked rhubarb and is characterized by a uniformly deep red flesh or interior. Price: 1 root $1.00; 3 roots $2.35; 10 roots $7.50, prepaid. Not prepaid, 25 roots $14.00; 100 roots $55.00.

CRAG HERBICIDE-1

Prevents Weeds

The new "weed preventer" that kills weed seeds as they are starting to sprout. Use it to prevent weeds in many different varieties of garden plants, including roses, strawberries, raspberries, asparagus, gladiolus, perennials, shrubs, evergreens. Crag Herbicide-1 is safe to use—it works through the soil and not on the leaves. Easy to apply with either a sprayer or sprinkling can.
2 lbs. $6.95 prepaid.

I planted your 455 Red Jacket tomatoes and was wonderfully pleased and surprised at the results. I have never grown a better tomato for flavor, yield or quality. O. E. Jacobs, Napa, Calif.

KORDIMULCH

New Polyethylene Mulching Material

Easy to use; takes the work out of gardening. Kordimulch, a dark colored polyethylene, **prevents weeds from growing; it holds moisture** and is carefully perforated to permit water to seep into the soil; **plants grow faster** because the soil is warmer and more moist. Simply spread over soil—hold in place with soil along edges. Cut slits in mulch with razor blade and plant young plants or seeds through mulch. You can spread Kordimulch over an already planted garden, just cut slits and pull plants through. **Kordimulch Kit, 104 ft. roll x 40 in. wide, directions enclosed. $5.95 per kit, prepaid. KORDIMULCH**—for the small size garden 28′ x 24″ strip 98¢.

We used Geneva 11 this last year and think it is the best tomato we ever grew. O. A. Pratt
Walworth, N. Y.

CERTIFIED VIRUS AND NEMATODE FREE DORMANT

STRAWBERRY PLANTS

Strawberry plants are available for shipment from April 1 through June 15. ALL OUR PLANTS ARE GUARANTEED TO GROW. Several varieties may be ordered on the quantity prices as long as individual varieties are in multiples of 25. When ordering please specify preferred date of shipment of plants.

No. 1 Plants:	25 Plants Prepaid	50 Plants Prepaid	100 Plants Prepaid	500 Plants Not Prepaid	1,000 Plants Not Prepaid
PREMIER	$1.95	$2.85	$4.25	$12.50	$19.95

ROBINSON	1.95	2.85	4.25	12.50	19.95
SPARKLE	1.95	2.85	4.25	12.50	19.95
POCAHONTAS	1.95	2.85	4.25	12.50	19.95
SUPERFECTION EVERBEARING	2.75	4.00	5.95	18.50	32.00

PREMIER: A favorite variety for local and nearby markets. The plant is vigorous, makes good fruiting bed in all types of soil and is very disease resistant. First fruits are large but season is short and berries have a tendency to run down in size as season advances. A very heavy producer of excellent quality berries.

★FAIRFAX: One of the more popular older varieties ripening a few days earlier than Sparkle. It yields heavily when well grown in rich soil and the large firm conic shaped berries have an excellent flavor and sweetness. The color is a deep glossy red when first ripe, turning quite dark as they get older.

Rick and Anne help pick strawberries on Grandfather's farm near Geneva, N. Y. Rick says "I don't need a basket to take care of my strawberries".

★ROBINSON: Introduced in Michigan a few years ago, Robinson has rapidly become a leading mid-season variety. Robinson is a prolific plant maker and a tremendous yielder. We have never seen a variety set more berries, large in size and ripen them. The berries are a beautiful light red, conic in shape, often ribbed and of good table quality. Berries are borne higher than other varieties and are therefore easier to pick and also they are not as apt to get sandy and dirty.

EMPIRE: A new early, unusually attractive berry developed by Dr. G. L. Slate of the N.Y.S. Experiment Station. Empire is extremely productive, ripens just after Premier, is extra large and holds its size throughout the season. The conical fruits are bright, glossy red and the quality is fine. Plants are vigorous, heavy yielding and produce runners freely.

POCAHONTAS: An outstanding commercial mid-season variety introduced by the U.S. Dept. of Agriculture in 1953. Berries are of a light bright red color, solid and with tart flavor. One of the best berries for freezing. Heavy bearer. Widely adapted to soils and climates.

★SPARKLE: Highly recommended by the N.Y.S. Experiment Station as a superior freezing variety. The berries are a bright glossy red, of excellent quality, medium to large in size, smooth and uniform. They are firm in texture and hold up well. Yields are high; ripens after Fairfax and Robinson.

SUPERFECTION EVERBEARING. One of the most dependable everbearers in producing an early summer crop and another in late summer. The good-sized, round, smooth, bright red berries are firm and sweet with a delicious tart flavor.

Ever since we were introduced to your seeds we have been more than satisfied with the results, especially insomuch as we are novice gardeners. Everyone says it is beginner's luck, but we say it's Robsons Seeds.

Verna R. Shrout
R. D. #1
Alpine, N. Y.

I am glad to tell people about your Seneca Chief Corn. It is far ahead of any I have ever grown, fine for freezing too.

E. A. Stiles
Franklin, N. C.

FREEZER SUPPLIES FOR THE HOME

KORDITE FREZE BAGS and BOXES: Made of plastic, these containers are ideal for freezing all fruits and vegetables as well as many other foods. Economical, too, for they may be used over and over again. Rubber bands are included with the bags for sealing.

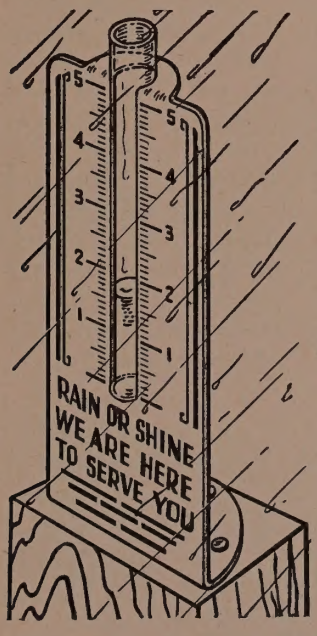
Strips Kernels Off Ear of Sweet Corn with *ONE QUICK STROKE!*

KERNEL KUTTER: A real **time saver.** No adjustments, no moving parts. Just place ear of corn, small end up on a cutting board. Slip flexible circlet over end and gently stroke down. The cutting circlet is expandable as ear size increases. **No mashed or crushed kernels. No husks.**



RAIN GAUGE

A handy, useful gauge for measuring amount of rainfall. Fasten to top of a fence post.

Price: 75¢ prepaid.

Extra tube 20¢; prepaid.

Thank you for being so prompt filling my previous order. I've never had any orders so promptly filled.

Mrs. Emily Delles
Cohocton, N. Y.

KORDITE FREZE WRAP: Laminated Polyethylene assures greatest protection for meats, fish, poultry, pastries, because it has an inner layer of polyethylene. Eliminates the need for an outer wrap.

18″ x 60′ Roll in Cutter Box—$1.69

HEAVY FREEZER WRAP: Heavy wax coating on one side—economical and efficient protection against shrinkage and flavor loss during refrigerator and freezer storage of meats, fish, poultry, and other moist or dry foods. Comes in two widths.

18″ x 80′ Roll in Cutter Box—$1.49
24″ x 300′ Roll in Cutter Box—$4.89

RA-PID-GRO

LIQUID PLANT FOOD (23-21-17)

RA-PID-GRO, a widely used and recommended liquid plant food contains many elements and trace elements needed for fast plant growth. **RA-PID-GRO** in liquid solution is readily taken up and used by the plant's roots and also by the leaves when foliage is sprayed. 6 oz. 50¢; 8 oz. 75¢; lb. $1.35; 2 lbs. $2.60; 5 lbs. $5.25 prepaid.

ROOTONE

Rootone stimulates the natural tendency for roots to form on slips or cuttings, so that rooting takes place in a much shorter time. Price: ¼ oz. pkg. 35¢; 2 oz. $1.25.

TAKEHOLD

Transplanting Solution

A high analysis water soluble complete fertilizer that we use on our farms when setting tomato, pepper and other vegetable or flower plants. 3 lbs. sufficient to make 50 gals. transplanting solution. (2 oz. pkt. makes 2 gals.)

We suggest soaking the Wood Veneer Bands described on page 26 in a water solution of Take-Hold (at rate of 1 lb. per 10 gals. water) to impregnate the band with fertilizer. 2 oz. pkg. 25¢; 3 lbs. $1.50; 12 lbs. $5.40 Prepaid. Case of 15-3 lb. bags $12.80 NOT PREPAID.

PEAT POTS FOR EARLY PLANTS

Plants started in low cost PEAT POTS grow stronger and faster with little of the usual transplant shock. PEAT POTS are easy to handle. Just line them up in the flats, fill with good garden soil, plant 2 to 3 seeds, soak thoroughly and watch them grow. PEAT POTS tough but light and porous, are made of organic Peat Moss with growth nutrients added. Once in the ground, the PEAT POT disintegrates to form a good grade of humus that stimulates growth.

Starting melon plants in Stapled Wood Veneer Plant Bands means earlier melons, less trouble with bugs and weeds.

STAPLED WOOD VENEER PLANT BANDS

A heavy, well made plant band for use in starting melon, pepper, tomato, eggplant, etc. in greenhouse or coldframe. These bands come packed flat but are stapled and easily shaped by a pinch of the fingers after soaking in water. We suggest adding Takehold to the water to impregnate the band with fertilizer. Bands should be carefully removed at time of transplanting. Full instructions with every order.

HOTKAPS

Protect Crops and Pay Premium Profits

Hotkaps eliminate weather and insect damage. These patented wax paper cones form miniature hot houses over each plant, promote sturdy growth and bring crops to maturity 2 to 3 weeks earlier. Thousands of farmers are getting premium prices, making big money every year by using Hotkaps. Inexpensive to buy. Easy to set out. One man can place 2000 or more per day. 20 Hotkaps with Setter $1.10 prepaid; 100 with Setter $4.80 (5 lbs.), prepaid; 250 with Setter $7.95 (10 lbs.), prepaid; 1,000 without Setter $23.80 not prepaid, (30 lbs.); Fibreboard Setter 25¢ prepaid; Steel Setter $2.25 (4 lbs.), prepaid.

NEW DOZEN GRO-TAINER SEEDLING FLAT

This is **the box plant growers have been looking for** for easy handling and selling of top quality vegetable and flower plants. Gro-Trainers are **large enough and deep enough to grow a baker's dozen of quality plants.** Top dimensions—8½″ long x 6¾″ wide; bottom dimensions—7″ long x 5¼″ wide; and 2⅝″ in depth. The **tapered sides and ends cut down the quantity of soil required without sacrificing top spacing.** Gro-Tainers are **strong and rigid**—they feel and behave like solid wood and nest together tightly requiring little storage space. Color is dark olive green to blend with plant foliage. **Maximum drainage is provided—there are 12 holes in the bottom of the flat,** one under the normal center of each plant. SOLD IN FULL CASES ONLY (200 per case, weight 28 lbs. per case). Price: Case of 200 $14.00 postpaid. Not Prepaid, 1000 or more @ $58.00 per thousand; (Weight per thousand is 140 lbs.)

HOTENTS

Designed to protect and force all varieties of plants where a large protector is needed. Made of extra strong paper supported by two metal bands.

Hotents are 14 x 11 inches at the base and 8 inches high. We recommend them especially for melons. Send for descriptive circular.

500 per case $17.50 NOT PREPAID. (Wt. 34 lbs.)
Steel Setter $3.65 PREPAID.

FERTILE POTS FOR EARLIER CROPS

Plants raised in these manure pots can be set out in the field without any check of growth as plant need not be removed from pot. Pots furnish plant food as they break down in the soil.

ADMIRAL HAND DUSTER is wonderful for the home gardener. Admiral's extra large plunger provides a blast that forces air to pass through the entire body of dust with heavy agitation. Non-clogging swivel nozzle adjusts to dust in any direction. Just the duster for control of the Mexican Bean Beetle. Price $2.95, prepaid.

HYDRA-GUN, JR. SPRAYER

New versatile, handy and compact single-action pump. Adjusts instantly to any type spray from fine to long-range, spray at any angle with smooth pumping action. All brass pump with half-gallon jar interchangeable with U. S. thread fruit jars. Pump attached to U-shaped base which forms comfortable handle. An ideal and highly satisfactory garden sprayer. Price $6.25, prepaid.

GARDEN STAKES

Excellent for marking rows where seed has been sown, these smooth, painted, wooden stakes are of best quality. 10 in. long, 7/8 in. wide. Bundle of 25, 55¢; 250, $4.05, prepaid.

ORTHO

INSECTICIDES AND FUNGICIDES

ROSE DUST
Plastic Squeeze Duster

The finest combination insecticide-fungicide dust containing Phaltan, Lindane, DDT and Sulfur. This easy to use one hand operated plastic squeeze duster controls insects and diseases not only on roses but many other garden flowers. 10 oz. duster $1.50; 1 lb. refills $1.50.

MELON & CUCUMBER DUST OR SPRAY

An economical and effective combination spray or dust containing 1% Lindane and 4% Zineb for controlling insects and diseases of cukes and melons. 4 lb. bag $1.75.

HOME ORCHARD SPRAY

A fine multi-purpose orchard spray for insects and diseases of fruit and berries. Captan controls fruit disease; the insecticides, Methoxychlor and Malathion control fruit insects. 1/2 lb. canister 98¢; 14 oz. $1.45; 4 lb. bag $5.45.

BOTANO DELUXE Garden Dust

Contains Captan, Lindane, Methoxychlor and Ziram, a combination of the most effective insecticides and fungicides for controlling the troublesome insect pests and diseases of the garden. 8 oz. duster $1.19; 1 lb. box $1.39.

ROTENONE DUST OR SPRAY (1%)

Nonpoisonous insecticide of great value to gardeners. Use on beans for bean beetles, cabbage and cauliflower for worms and vine crops for all insects. 1 lb. can 65¢; 4 lb. bag $1.75.

TOMATO & POTATO DUST OR SPRAY

A most effective combination dust or spray containing DDD and Copper for controlling Early and Late Blight as well as Potato Bugs and Flea beetles, Horn Worms and Tarnished Plant Bugs. 4 lb. bag $1.75.

TOMATO VEGETABLE DUST

Contains Captan, Methoxychlor and Rotenone. This multi-purpose dust controls many insects and diseases on tomatoes, melons, squash, potatoes and certain other vegetables. 10 oz. duster $1.39; 1 lb. box $1.39.

BUG-GETA PELLETS. Compressed Metaldehyde-Arsenical bait designed to kill slugs, snails, cutworms and strawberry root weevils. 12 oz. box 59¢.

CYANOGAS FOR WOODCHUCKS: Safe to handle and easy to use; kills in the burrows. 1 lb. $1.35.

5% DDT DUST. For vegetables, flowers and fruit. Controls onion and gladiolus thrip, cabbage worms and loopers, leafhoppers, corn borers and many other pests. 1 lb. can 75¢; 4 lbs. $1.50.

LAWN GRASS

Seneca Lawn Mixtures

For New Lawns sow 1 lb. per 500 sq. ft.

ONLY OUR EXTRA FANCY GRADE SEED IS USED IN SENECA LAWN MIXTURES

SENECA LAWN MIXTURE

The Best All-purpose Lawn Grass Mixture

For establishing a fine thick permanent lawn under average soil conditions we highly recommend our Seneca Lawn Mixture which is especially prepared from the highest quality grass seeds produced. It makes a smooth, green, velvety lawn with a thick bottom free from clumps. The mixture is composed of the following grasses (percentages are approximate): 75% Kentucky Blue Grass, 18% Pennlawn Red Fescue, 5% Red Top, 2% Wild White Clover.

Kentucky Blue Grass makes the thick basic turf; it responds to good fertility (likes a limestone soil or well-limed soil) and fluorishes in spring and fall. Pennlawn Red Fescue is deep-rooted and thrives under adverse conditions including hot weather and poor, sandy soils. Wild White Clover blends well with the other grasses, stays green all summer and enriches the soil. ½ lb. 80¢; lb. $1.35; 5 lbs. $6.35; 10 lbs. $12.20; 20 lbs. $23.40; 50 lbs. $55.85 prepaid.

WEEDEZ WONDER BAR

The Weedez Wonder Bar is formed of wax and impregnated with 2,4–D weed killer. You simply drag the bar across the lawn to be treated. The bar deposits a thin film of the wax upon the plants that cannot be blown off by wind or washed off by rain. In ten days to two weeks susceptible broadleaf weeds will be gone. Treats a lawn 100 feet wide by 200 feet deep, or smaller yards for several seasons. 22″ Wonder Bar $4.98 Prepaid.

CYCLONE SEED SOWER

For Sowing All Kinds of Seed Broadcast

The Cyclone Seed Sower is known and used in most all countries of the world where seed is sown broadcast. Hundreds of thousands of farmers in America, Europe, Canada and elsewhere have relied on it for many years to rapidly and uniformly distribute alfalfa, clover, ryegrass and grains and seeds that are sown broadcast.

The Cyclone Seeder is suspended by a web strap over the shoulder and hangs in the most convenient manner to carry and operate. Full directions for operating are attached to each machine. $5.25 delivered.

Never used such excellent seed and plants before.

Robert S. Drake
South Rd.
Slingerlands, N. Y.

SENECA SHADY LAWN MIXTURE

Shady areas are a problem. Many times it is because of low fertility rather than shade that causes those bare spots in the lawn. Some trees are heavy feeders close to the surface. If there is adequate plant food in the soil our Shady Lawn Mixture makes a beautiful turf in the shady spots. Our mixture contains the following special grasses (percentages are approximate): 50% Pennlawn Red Fescue, 15% Kentucky Blue Grass, 25% Poa trivialis, 5% Colonial Bent, 5% Red Top. This combination provides grasses that will succeed in dry or moist locations in fairly deep shade or, moderately sunny spots. ½ lb. 80¢; lb. $1.35; 5 lbs. $6.35; 10 lbs. $12.20; 20 lbs. $23.40; 50 lbs. $55.85, prepaid.

ECONOMY GRASS MIXTURE

Annual Seeding

There are often places so heavily shaded that permanent grasses cannot be established. There may also be ground around new houses for instance where permanent lawns are desired but cannot be established at present because of the high cost of good lawn mixtures or because ground has not been permanently graded. For such conditions we suggest sowing this inexpensive mixture of quick growing grasses (45% Timothy, 40% Annual Rye Grass, 15% Perennial Rye Grass) it will cover the ground and remain green until late summer. Very heavily shaded areas will have to be fertilized and reseeded each year. Lb. 65¢; 5 lbs. $2.35; 10 lbs. $4.20; 20 lbs. $7.40, prepaid.

AMMATE WEED KILLER

A new weed killer for use where it is desired to kill all vegetation. Ammate should not be used on lawns as it will not only kill the weeds but will damage the grass. 2 lbs. $1.55; 6 lbs. $3.65 Prepaid.

WEED-B-GON

The Hormone Weed Killer, containing 2,4-D and 2,4,5-T low volatile esters for use against dandelion, plantain, wild onion, poison ivy, poison oak, wild blackberry vines, bindweed, or wild morning glory. Can be used on grass lawns for broad-leaved weed control, dandelion, etc. It's very economical, a little goes a long way. 8 oz. can $1.25; pint can $1.75.

I have had success with your seeds which I could not get with others.

Sharon, Mass.

Robson's Flower Seeds

Selected Varieties From Our Trial Grounds

GROW ANNUALS FOR COLOR

AGERATUM

1007X-TETRA BLUE MINK. Half hardy annual, Height 6 to 7 inches. Giant clusters of fluffy powder blue flowers, strong plants. Blooms freely until frost. Very uniform for gardens and as a pot plant. Pkt. 35¢; 2 pkts. 65¢; ⅛ oz. $2.00.

1007 MIDGET BLUE ALL-AMERICA SELECTION Uniformly dwarf plants, 2 to 3 in. high. Wonderful for rock gardens and edgings. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. $1.00.

SWEET ALYSSUM

1001-ALYSSUM, LITTLE GEM. Small white flowers completely cover the dwarf, compact plants which grow only 4 to 5 in. tall. A favorite for narrow edgings. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 65¢.

1000-CARPET OF SNOW. Dwarf plants 3 to 5 in. in height and spreading from 12 to 15 in. across. This is the best low, flat, white edging variety. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 65¢.

1003 ROYAL CARPET. ALL-AMERICA SELECTION A deep violet Alyssum that has the same dwarf, compact, spreading habit as Carpet of Snow and is a perfect companion to this fine variety. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.25.

1004 ROSIE O'DAY 1961. ALL-AMERICA SELECTION **NEW.** Grows low and compact in the Royal Carpet style. A fine new pink. Pkt. 50¢; 2 pkts. 95¢; ⅛ oz. $2.35.

POWDERPUFFS ASTER

1015 MIXED COLORS. The blossoms have high crested centers surrounded by several rows of broad petals. Colors are white, rose, pink, crimson and blue. Pkt. 30¢; 2 pkts. 55¢; ⅛ oz. $1.25; ¼ oz. $2.25.

EARLY GIANT ASTER

1014 MIXED COLORS. Early Giants combine the plume or feathered type of flower with the long straight stems of the American Branching class. The large, double flowers with long attractively curled petals, bloom profusely from late midseason until frost. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. 85¢; ¼ oz. $1.50.

QUEEN OF THE MARKET

1046 ALL COLORS MIXED. (Early) Plants are of open spreading growth and branch freely near the ground, thereby giving long stems to the flowers, which are nearly round, fully double, and measure 3 in. across. What the flowers lack in size is made up in earliness. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. $1.10.

AMERICAN BRANCHING ASTERS

Flowers are large, full and double with broad incurved petals. They bloom with or slightly later than the Cregos and have long straight stems—excellent for cutting.

1034 MIXED COLORS. A well blended mixture of beautiful bright clear colors. 2 ft. tall. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. $1.10.

PRINCESS ASTER

1096X GOLDILOCKS. New August blooming type with 3 to 3½ in. flowers, which have golden yellow crested and quilled centers. Wilt resistant. 2 to 3 ft. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. $1.25.

THE BEST RED ASTER

1042 HEART OF FRANCE. In our trial ground test this deep ruby-red aster is always outstanding. Flowers are fully double and produced on strong medium height plants. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. $1.50.

CREGO ASTER

1024 MIXED COLORS. Large flowers, fine for cutting. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. $1.25.

BACHELOR BUTTONS

Our special strains are large, fully double with bright clear colors and long stems for cutting. Sow in early spring. 2½ ft.

1104 BLUE BOY. The true cornflower blue shade. Pkt. 15¢; ¼ oz. 45¢; 1 oz. 95¢.

1100 DOUBLE MIXED COLORS. A well balanced blend of several different colors. Pkt. 15¢; ¼ oz. 45¢; 1 oz. 95¢.

BALSAM (LADY SLIPPERS)

1051 TRUE CAMELLIA FLOWERED, MIXED COLORS. Miniature double camellias in our new strain in white, shades of pink, scarlet and purple are really beautiful. Try floating these in a shallow dish. Pkt. 20¢; ¼ oz. 50¢.

BELLS OF IRELAND

1052 Use Bells of Ireland for a different touch in arangements, also called Shell Flower because of the green shell like cup surrounding a tiny white flower in the center. Pkt. 30¢; 2 pkts. 55¢; ⅛ oz. $1.00.

CALENDULAS

1055 PACIFIC BEAUTY, MIXED COLORS. Outstanding Calendulas. Flowers are larger and colors clearer. More resistant to heat. Sow early; Pkt. 25¢; ¼ oz. 65¢; 1 oz. $1.95.

CANDYTUFT

Hyacinth Flowered

1075 GIANT WHITE. Flowers are pure white; each topped with a big, hyacinth-like spike of bloom. 12 to 15 in. tall. Pkt. 25¢; 2 pkts. 45¢.

1077 CHOICE MIXED COLORS (umbellata). The colored types are bright, gay flowers but have a shorter, more compact head than Giant White Hyacinth-Flowered. Pkt. 20¢; 2 pkts. 35¢.

Can't plant a garden till I get your good seeds.
Mrs. Noal Ienema
61895 7 Mile Rd. R.D. #1
Falmouth, Mich.

CALIFORNIA POPPY

1068 FINEST MIXED COLORS. An especially good blend of orange, yellow and white flowering poppies. Pkt. 25¢; 2 pkts. 45¢; ¼ oz. 75¢.

1393 ANNUAL SHIRLEY POPPIES. An especially fine mixture of double flowers, many of which are ruffled. Shades of pink, salmon, and rose. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 50¢.

CELOSIA (Cockscomb)

1095 DWARF CRESTED, mixed colors. The large showy flower heads resemble a rooster's comb. Colors are bright, ranging from shades of red to yellows on dwarf plants. Pkt. 20¢; lg. pkt. 35¢; ⅛ oz. 85¢.

1098 PAMPAS PLUME, MIXED COLORS. Long, graceful, feathery plumes ranging in color from intense red to bright yellow. Extremely bright showy flowers that always attract considerable attention in our trials. 3 ft. Pkt. 20¢; lg. pkt. 35¢; ⅛ oz. 85¢.

COSMOS

1135 SENSATION MIXED COLORS. The mixture is a blend of pink, white and red. Plant as soon as soil can be worked. Height 3½ ft. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 85¢.

1140 RADIANCE. ALL-AMERICA SELECTION Flowers are large, deep rose with a broad band of rich crimson in the center. Fine for cutting. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 85¢.

1441X MANDARIN ANNUAL — (New Orange). Height 3½ feet. Very double, bright orange flowers on heavily foliaged, persistently green plants. The most double cosmos yet to be introduced, and a fine garden and cut flower. Pkt. 25¢; 2 pkts. 50¢; ¼ oz. 95¢.

CLOME (Spider Flower)

1125 PINK QUEEN. Tall annual provides a mass of large clusters of salmon pink flowers from July 'til frost. Pkt. 25¢; lg. pkt. 40¢; ¼ oz. $1.40.

DIANTHUS (PINKS)

1165 DOUBLE CHINA PINKS, MIXED COLORS. Handsome clusters of very double flowers in many bright colors. Pkt. 20¢; 2 pkts. 45¢; ¼ oz. 70¢.

1167 HEDDEWIGII GAIETY. Fine large flowered *single blooms* that are deeply fringed. Brilliant shades of pink, white and red. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 70¢.

FOUR O'CLOCK

1185 MARVEL OF PERU. MIXED COLORS. An old favorite. Late afternoon the Four o'Clocks open their many colored blossoms. Humming birds love to visit these flowers. Sow after danger of frost. 3 ft. Pkt. 20¢; ½ oz. 35¢.

FIREBUSH

1240 KOCHIA CHILDSI. Symmetrical plants, resembling an ornamental evergreen. Fine for summer hedges. Light green foliage turns to bright carmine in late fall. Height 2½ ft. Pkt. 20¢; ¼ oz. 30¢; oz. $1.00.

GOURDS

1210 SMALL-FRUITED MIXED VARIETIES. Gourds can be used effectively in fall and winter ararngements when properly dried. Our mixture is colorful small-fruited kinds. Sow 6 inches apart after danger of frost. Pkt. 25¢; ¼ oz. 40¢; oz. $1.00; ¼ lb. $2.75; 1 lb. $7.50.

GYPSOPHILA

Annual Baby's Breath

1215 COVENT GARDEN STRAIN. Invaluable pure white flowers for combining with sweet peas and many other flowers in bouquets. 1½ ft. Pkt. 20¢; ¼ oz. 50¢.

HELICHRYSUM (Strawflowers)

1220 MIXED COLORS. Gay white, yellow, crimson, rose and salmon colored flowers. The best everlasting for winter bouquets; flowers should be cut before the centers open and hung upside down in a cool, dark place to dry. 2 ft. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. 65¢.

NICOTIANA (Flowering Tobacco)

1325 MIXED COLORS. Plants are dwarf and compact. 24–28 inch. and flowers are more intense colors. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 75¢.

LARKSPUR, REGAL

1245 FINEST MIXED COLORS. One of the most beautiful and desirable early annuals. Sow seed early as they like cool weather in which to germinate. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 90¢.

PANSIES

1335-SWISS GIANTS FINE MIXED COLORS. A delightful mixture of very large flowered Pansies in vivid and outstanding shades of blue, purple, red, bronze, yellow and primrose. Pkt. 35¢; lg. pkt. 65¢; ⅛ oz. $1.75.

1337-SWISS GIANTS SPECIAL MIXTURE. For the very finest in Pansies sow our special strain of Swiss Giants. Pkt. 50¢; lg. pkt. 95¢; ⅛ oz. $3.00.

We always have the best pansies all summer from seed sown in the spring. Pansies that are sown in August for bloom the following spring often are scraggly and out of bloom by midsummer.

MARIGOLDS

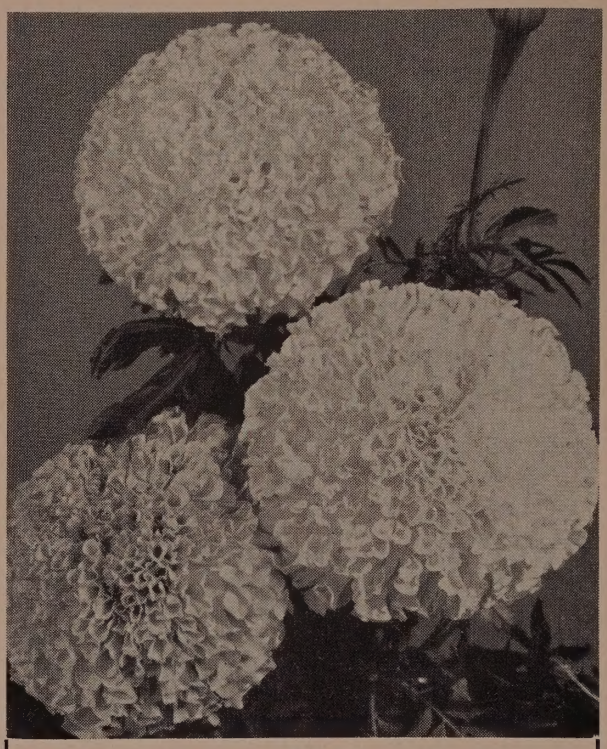
LARGE FLOWERING MARIGOLDS

1278-MAMMOTH MUM. Flowers are light yellow resembling the large chrysanthemums grown by florists. Have long stems, early-producing a wealth of bloom before frost. Height 2½ to 3 ft. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. 85¢; ¼ oz. $1.50.

1277-CRACKERJACK. New Crackerjack is early, and produces large double flowers measuring 4 to 5 inches across in a full color range—primrose yellow, gold and orange. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. 85¢; ¼ oz. $1.50.

1276-SUNSET GIANTS. Marigolds. Popular sweet scented, large flowered type. Colors ranging from lemon yellow to golden orange. 3 ft. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 85¢.

★1266 BURPEE'S RED AND GOLD. NEW. Double Hybrids of American and French Marigolds. 2½ to 3 in. across, some are red while others are red and gold. 2 ft. tall. Pkt. 50¢; 2 pkts. 95¢; ¼ oz. $5.50.



CLIMAX MARIGOLD (NEW)

Giant F_1 Hybrid American Types

1262 TOREADOR. ALL-AMERICA SELECTION Large, bright mid-orange flowers, 2 ft. tall.

1263 GOLDEN CLIMAX. Brilliant deep golden yellow color. 2½ ft. tall.

1264 YELLOW CLIMAX. Bright yellow, frilly flowers. 2½ ft. tall.

★1265 BURPEE'S CLIMAX MIXTURE of colors above.

Any of the above: Pkt. $1.00; 2 pkts. $1.50; 1/16 oz. $3.50.

PETITE DWARF MARIGOLD

Double French Marigold **Early Annual**

1271 PETITE GOLD. Charming flowers of clear golden yellow.

1272 PETITE HARMONY. A beautiful bicolor with rich, deep mahogany guard petals that surround a gold crested center.

1275 PETITE ORANGE. Showy bright orange flowers are borne above the foliage all season.

1279 PETITE YELLOW. Clear, strong yellow without markings.

Any of the above separate colors: Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. $1.25.

1274X PETITE MIXED. ALL-AMERICA SELECTION This new class of Marigold fills a much wanted need for an early uniformly even dwarf plant for borders and mass effects. It is very compact 6 in. high and 10 in. wide, completely covered with flowers all summer. Pkt. 35¢; lg. pkt. 50¢; ⅛ oz. $1.25; ¼ oz. $2.00.

MINIATURE DOUBLE FRENCH

1443X DAINTY MARIETTA. Wide open *single* flowers 2″ across; rich golden yellow attractively blotched maroon at the base of petals. Colorful as a small canary bird. A New Marigold, height will not exceed 6 inches. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. $1.00.

1273 LEMON DROP. The outstanding early canary yellow, profuse bloomer. 9 in. plants. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. 80¢; ¼ oz. $1.50.

1268 SPRY. Yellow crested center with maroon outer petals. 12 in. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. 80¢; ¼ oz. $1.50.

1283 SPUN GOLD ALL-AMERICA SELECTION Large golden yellow blossoms profusely cover the neat, dwarf plants. Height 12 inches. Pkt. 50¢; 2 pkts. 95¢.

1270 MINIATURE FINEST MIXED COLORS. A superior blend of Miniature (extra dwarf) double varieties that will bloom from July 'til frost. Any one of above—Pkt. 25¢; lg. pkt. 45¢; ¼ oz. 75¢.

MIGNONETTE

1295. The flowers of Mignonette are not showy but the fragrance they give in the garden and in bouquets cannot be equaled. Be sure to have a few plants in the border to enjoy. Pkt. 20¢; ¼ oz. 45¢; oz. $1.50.

MORNING GLORIES

1306 PEARLY GATES. All-America Silver Medal in 1942. Lustrous white flowers which are the same size as Heavenly Blue. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 75¢.

1305 HEAVENLY BLUE. Beautiful sky-blue flowers shading golden yellow in the throat. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. 75¢; ½ oz. $1.25.

1300-FLYING SAUCER. A new morning glory, huge flowers of bright blue and powdery-white striped color. Often more than 4" in diameter. Pkt. 25¢; lg. pkt. 35¢; ¼ oz. 75¢; oz. $2.25.

NASTURTIUMS

1319X CHERRY ROSE. An exquisite shade of soft cherry-rose, grow 2½ to 3 in. across and are produced early and most profusely. Pkt. 25¢; ½ oz. 50¢; 1 oz. 95¢.

1315 GLORIOUS GLEAM HYBRIDS. A wide assortment of new and unusual colors. Pkt. 20¢; ½ oz. 40¢; oz. 75¢.

1320 SINGLE MIXED COLORS. Our blend contains a wide range of soft and brilliant colors that are very fragrant. Pkt. 20¢; ½ oz. 35¢; oz. 60¢.

ANNUAL PHLOX

1581 TWINKLES ALL-AMERICA SELECTION **DWARF STAR MIXED.** Dainty flowers star shaped and pointed petals. Brilliant colors, plants compact 7" tall. Pkt. 35¢; 2 pkts. 65¢; ⅛ oz. $1.30; ¼ oz. $2.50.

1380 PHLOX DRUMMONDI—Finest Mixed Colors. 12". A beautiful mixture with a whole range of color. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. $1.00.

PORTULACA

1395 DOUBLE MIXED COLORS. Not an ordinary strain of Portulaca, extra large flowers in a fine color range of many new shades. Often called "Moss Rose" the small attractive low growing plants do well even in hot, dry, sunny spots. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.80.

SNAPDRAGONS

1445 SPECIAL HYBRIDS MIXED. Snapdragons are indispensable as cut flowers. We have a most attractive blending of unusual colors from white to lavender, rose, red and bronze, 2½ ft. tall. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.50.

ROCKET SNAPDRAGONS (NEW)

1444 ROCKET MIXED ALL-AMERICA SELECTION **1960.** Giant F_1 Hybrid. A blend of bronze, orchid, gold, rose, red and white Rockets. Long spikes 2½ ft. to 3 ft. tall. Heat resistant. Pkt. 50¢; 2 pkts. 95¢.

RED SALVIA

1410 EARLY BONFIRE. Flowers ten days earlier than regular Bonfire Salvia. Highly valued for the bright scarlet color of its flowers, grows 2 ft. tall, very uniform. Plant after danger of frost is over. Pkt. 20¢; 2 pkts. 35¢; ⅛ oz. $1.00; ¼ oz. $1.75.

1576X ST. JOHN'S FIRE. The earliest and most dwarfed red. Extremely free flowering, about 10 in. tall. Pkt. 35¢; 2 pkts. 65¢; ⅛ oz. $1.50.

BLUE SALVIA

1415 BLUE BEDDER SALVIA. Flowers are a soft, lavender-blue color and are borne on slender, graceful spikes. Plants are semi-hardy perennials if protected. Blooms in August from seed sown early. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.25.

SCABIOSA

1420 IMPERIAL MIXED COLORS. One of the best annuals for cutting as they bloom from July until after first frosts. Clear colors in many new shades. 2½ ft. Pkt. 20¢; lg. pkt. 45¢; ¼ oz. 65¢.

SALPIGLOSSIS

1405 LARGE FLOWERING EMPEROR MIXTURE. The funnel shaped flowers in rich tones of purple, pink, yellow, buff, orange and red with heavy gold throat-veining. The seeds are extremely fine—cover very lightly. 2 ft. Pkt. 20¢; lg. pkt. 35¢; ⅛ oz. 60¢.

SUNFLOWERS

1535 SUNGOLD. A strain 100% double golden yellow blooms, dwarf from 4 to 5 ft. tall. A very lovely background flower likes full sun. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 50¢.

1536X SUNFLOWER CUCUMERIFOLIUS EXCELSIOR HYBRID. A very lovely helianthus for basket arrangements. 3 to 4". Yellow flowers, zoned bronze and red shades. Grow 5 ft. tall. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. 75¢.

VERBENAS

1525 MIXED COLORS. Colorful, dwarf plants, ideal for edgings, ground cover, rock gardens and cutting. Flowers are borne in large trusses from midsummer until late fall. A blend of many bright, clear colors. Pkt. 35¢; 2 pkts. 65¢; ⅛ oz. $1.00.

CUTHBERTSON SWEET PEAS

1505-MIXED COLORS. This popular new strain of sweet peas stands heat. Extra long stemmed, more resistant to summer heat than any other strain. Color range is very complete. Pkt. 20¢; ½ oz. 35¢; oz. 60¢.

1480-MULTIFLORA, MIXED COLORS. A new and superior strain of sweet peas. Under good growing conditions Multifloras will produce longer and stronger stems, larger florets—than others you have grown. Our mixture includes many colors and they are fragrant. Pkt. 25¢; ½ oz. 75¢; oz. $1.25.

BEDDING PETUNIAS

F1 Hybrid Multiflora

1361 SUGAR PLUM. NEW. A new color—bright orchid pink, pencilled and shaded in rich orchid purple. Free flowering. Definitely weather resistant. Pkt. 50¢; 500 seeds $1.00; T. pkt. $1.75.

1373 COMANCHE ALL-AMERICA SELECTION. Dwarf, compact. Scarlet red, the deepest red petunia. One of the best bedding varieties. Pkt. 50¢; lg. pkt. $1.00; T. pkt. $1.75.

1370 RED SATIN ALL-AMERICA SELECTION. Free blooming. Compact, weather resistant. Brilliant scarlet red flowers. Pkt. 50¢; 500 seeds $1.25; Trade pkt. $2.00.

1338X GLITTERS ALL-AMERICA SELECTION. Dwarf, compact plant with a pin-wheel combination of ermine—red and pure white. Pkt. $1.00; lg. pkt. $1.75; Trade pkt. $3.00.

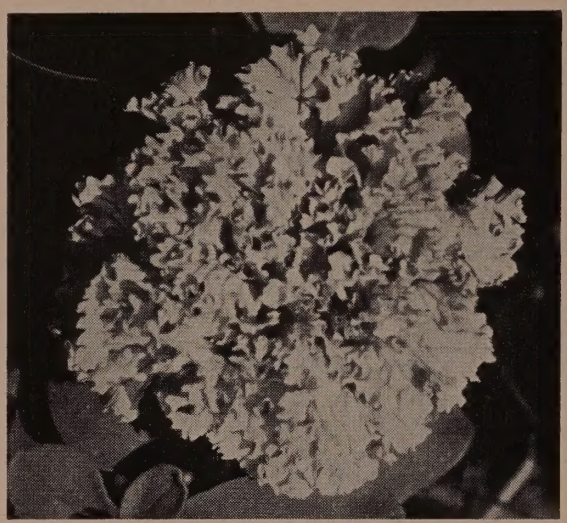
1376 LINDA. Equals Commanche in neat habit of growth. Flowers are a beautiful clear, light salmon pink. Pkt. 50¢; 500 seeds $1.00; T. pkt. $1.75.

F1 Hybrid Grandiflora

1375 BALLERINA ALL-AMERICA SELECTION. Flowers are a soft, glowing salmon, large, fringed, 3½ in. Pkt. 50¢; 500 seeds $1.50; T. pkt. $2.50.

1382 BLUE LUSTRE. Early blooming, continued throughout the season. Large waved flowers are deep mid-blue. 12 in. high. Pkt. $1.00; lg. pkt. $1.75; trade pkt. $3.00.

1374X MAYTIME ALL-AMERICA SELECTION **Very early.** A beautiful large ruffled flower, clear salmon pink. Pkt. $1.00; lg. pkt. $1.75; trade pkt. $3.00.



1360 ALL DOUBLE GLORIOUS MIXTURE F_1 HYBRIDS. A formula mixture of many beautiful colors that we feel is a real value. Pkt. $1.00; lg. pkt. $2.00; trade pkt. $4.00.

Grandiflora Petunia

1352 SNOWSTORM IMPROVED. Mammoth 4 to 5 inch, glistening white flowers shading yellow in the throat. These are very effective planted by themselves or with dark shades. Pkt. (200 seeds) 25¢; lg. pkt. (500 seeds) 50¢; 1/16 oz. $1.25.

Compact Bedding Petunias

1345 CHOICE MIXED COLORS. A blend of many fine colors.

1346 CELESTIAL ROSE. Masses of deep rose.

1347 SNOWBALL IMPROVED. Compact, pure white. Any of the above: Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. 85¢.

1546X MARTHA WASHINGTON. Ruffled, dwarf 10 in., color blush pink, center veined wine red and deepening to the throat which is almost dark violet. Pkt. 50¢; 2 pkts. 90¢; ⅛ oz. $1.50.

Ruffled Petunia

1351 GIANTS OF CALIFORNIA. Special Mixture. A well balanced mixture of light and dark colors fringed and ruffled. Pkt. 30¢; lg. pkt. 55¢; 1/64 oz. $1.75.

Giant Flowered Zinnias

1540 MIXED COLORS. Outstanding both for their beautiful form and their long-stemmed flowers resembling Giant Dahlias and for their wide range of colors. Flowers are 4–5 in. across. 3 ft. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. 75¢.

Treasure Island

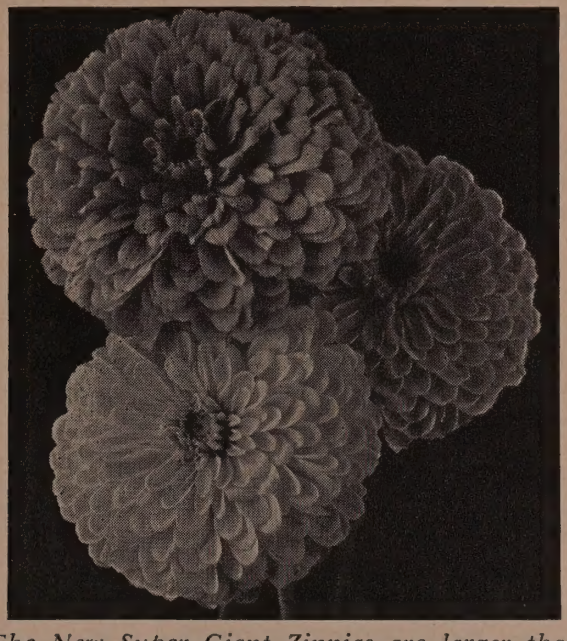
1580 MIXED COLORS. A newcomer in zinnias, Treasure Island is the result of crossing giant red and yellow cactus varieties. The result is an eye-stopping mixture of bold bright shades of scarlet, crimson, red, orange and pure yellow. Flowers are extra large and abundant in a most striking color combination. 3 ft. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.25.

GIANT CACTUS-FLOWERED ZINNIA

1578 GIANT CACTUS-FLOWERED HYBRIDS, MIXED COLORS. Distinct new type of zinnia. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. $1.50.

1575 BLAZE ALL-AMERICA SELECTION. Cactus Type Zinnia. Flowers large, open a mandarin red changing to fiery orange scarlet. 2½ ft. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.00.

1590 ORTHO POLKA MIXED COLORS. A new Zinnia "Glorified" PEPPERMINT STICK, larger blooms with combinations of pink and white, rose and white, red and white, even scarlet and yellow, red and orange, some striped, some flecked. 3 ft. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. $1.10; ¼ oz. $2.00.



The New Super Giant Zinnias are larger than any we have ever grown and more prolific bloomers as well.

New Super Giant Zinnias

1552 MIXED COLORS. Really super giant flowered among zinnias, the flowers are 5½" to 6" across, fully double and are attractively fluffy or informal in a full color mixture including unusual bicolors and shades. Plants are more vigorous and prolific blooming than other types. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. 85¢.

Crown O'Gold Zinnias

1555 PASTEL TINTS. Large well formed flowers in a color range of burnished red, yellow, old rose, cream and carmine. Each petal is overlaid at the base with deep golden yellow. Thin to 18 inches. Height 2½ to 3 ft. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 75¢.

CUT-and-COME-AGAIN ZINNIA

1570 SUNSHINE TINTS, MIXED. The Cut-and-Come-Agains are between the Pompon and Giant Flowered in flower size. The more they are cut the more they bloom. The colors are rich pastels. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. $1.00.

Crown O'Gold Zinnia

Cut-and-Come Again

Peppermint Stick Zinnia

1556 MIXED COLORS. Flowers are striped as its name suggests in many color combinations such as red and white, red and yellow, carmine and white, orange and yellow. Flowers same popular size of the Cut-and-Come-Agains. 2½–3 ft. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. 90¢.

PERSIAN CARPET ZINNIA

1557 MIXED COLORS. ALL-AMERICA SELECTION Miniature zinnia. Mounds of brilliant colors. Variegated flowers. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. 75¢.

Red Riding Hood

1559 ZINNIA GRACILLIMA. One of the showiest zinnias. Neat, compact plants about 1½ foot high are covered with miniature deep scarlet flowers. Pkt. 15¢; lg. pkt. 25¢; ¼ oz. 50¢.

Pompon Zinnias

1560 MIXED COLORS. Small flowered Pompons are especially popular for cutting and arrangements. Plants are not as tall as the Giants, 2½ feet, and are useful as edgings to borders. Pkt. 20¢; lg. pkt. 40¢; ¼ oz. 85¢.

Creeping Zinnia

1558 SANVITALIA PROCUMBENS. A low creeping plant that blooms profusely all summer. The flowers resemble miniature yellow Zinnias with warm brown centers. Excellent for masses of brilliant yellows on banks or in rock gardens. Start inside April 21st or in the garden after danger of frost. Thin to 8 inches. Height 3 to 5 inches. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 80¢.

ROBSON'S PERENNIAL SEEDS

Seed of perennials may be sown in the Spring or in Mid-summer, either in boxes or directly in the open ground. Perennials should have protection in the winter in the form of a light covering of straw or leaves.

ALYSSUM

1585 SAXATILE (Basket of Gold). Vivid yellow hardy plants for rock-eries and borders in early spring. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 85¢.

CANTERBURY BELLS

1080-CUP AND SAUCER-Mixed colors. Biennial. White and shades of pink, blue and purple. Pkt. 20¢; lg. pkt. 35¢; ⅛ oz. 65¢.

CARNATIONS

1085 CHABAUD'S GIANT IMPROVED, MIXED COLORS. This half-hardy perennial. The delightful fragrance and rich coloring makes them very useful for cut-flowers. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. $1.50.

1086 ENFANT de NICE BOUQUET MIXED COLORS. Flowers are larger and color range wider than our popular Chabaud strain. Pkt. 35¢; lg. pkt. 65¢; ⅛ oz. $1.75; ¼ oz. $2.50.

McKANA GIANT COLUMBINE

1012 MIXED COLORS. ALL-AMERICA SELECTION Flowers are 3 to 4½ in. across, with 3 in. spurs. Plant seeds in early June for bloom next June, 2½ ft. tall. Pkt. 50¢; 2 pkts. 90¢; ⅛ oz. $1.65.

1013 LONG-SPURRED HYBRIDS. One of the most beautiful perennials. 2½ ft. Pkt. 35¢; 2 pkts. 65¢; ⅛ oz. $1.45.

DAHLIAS FROM SEED

1150 UNWIN DWARF HYBRIDS. Colors from white to red. 2 ft. tall. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. $1.15.

GLORIOSA DOUBLE DAISY

1120X Perennial. Completely NEW— Many rich golden yellow double and semi-double flowers, up to 4½ inches across. A hardy perennial, grows easily, plants spread 24" and reach a height of 37". Pkt. 50¢; lg. pkt. 90¢; ⅛ oz. $3.00.

SHASTA DAISY

1115 ALASKA Perennial. The large white daisy-like flowers are valuable in the border and for cutting. 2½ ft. Pkt. 20¢; 2 pkts. 35¢; ¼ oz. 65¢.

DELPHINIUM

1155 PACIFIC GIANTS. An outstanding strain originated on the Pacific Coast. The huge double flowers are 2½ to 3½ inches in diameter and beautifully spaced on well-balanced spikes. The colors are beautiful shades of blue, lavender, violet and white. Excellent for cutting. Height 5 ft. Pkt. 65¢; 2 pkts. $1.20; ⅛ oz. $2.25.

FOXGLOVE (Digitalis)

1175 SHIRLEY GIANT HYBRIDS Biennial. Colors from white and shell-pink to deepest rose, blotched or spotted with crimson, maroon or chocolate. 4 ft. Pkt. 20¢; 2 pkts. 35¢; ⅛ oz. 65¢.

FORGET-ME-NOTS (Myosotis)

1311 ROYAL BLUE. Biennial. Bright blue Forget-me-nots are so popular for early spring bloom with tulips and daffodils. 1 ft. Pkt. 25¢; lg. pkt. 50¢; ⅛ oz. 75¢.

LUPINS

1290 RUSSELL HYBRIDS, MIXED COLORS. Perennial. Colors include pinks, rose, bronze, reds and shades of blue. Pkt. 25¢; lg. pkt. 50¢; ¼ oz. $1.00.

POPPIES

1385 ICELAND POPPIES (GARTFORD GIANTS STRAIN). Perennial. Flowers have delicate satiny texture. White and shades of orange, yellow and pink. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. $1.00.

1390 ORIENTAL POPPIES MIXED COLORS. Perennial. The giant blooms in shades of red, pink, and scarlet. 2½ ft. Pkt. 25¢; 2 pkts. 45¢; ⅛ oz. 90¢.

PYRETHRUM Painted Daisies

1400 ROBINSON'S HYBRIDS. Perennial. Colors are bright crimson, pink, and white. Pkt. 25¢; lg. pkt. 45¢; ⅛ oz. 90¢.

SWEET WILLIAM

1515 CHOICE MIXED COLORS. Combinations of red, pink, salmon and white. 1 ft. Pkt. 20¢; lg. pkt. 35¢; ¼ oz. 55¢.

1518 NEW DWARF MIXED COLORS. Many beauntiful color combinations, for borders and edging. Pkt. 30¢; lg. pkt. 55¢; ⅛ oz. $1.25.

ROBSON'S GLADIOLUS

Robson's Deluxe Gladiolus Assortment

This is a very popular assortment of named varieties that we include for those who do not care to keep varieties separate by name. There are many colors in this mixture. It should not be confused with cheaper mixtures which contain undesirable varieties for which there is little demand. Price: 12 for $1.15; 25 for $2.00; 100 for $7.50, postpaid.

BLUE RIBBON GLADS

GOLD. Deep golden yellow.
EVANGELINE. Soft geranium pink, darker lines in the throat.
BENARES. Pink with ruby blotches.
REGINA. Orange with scarlet throat.
NEW YORK. Deep dark red.
THE RAJAH. Deep purple.
LORELEI. Pure white.
VIOLET CHARM. Violet with cream throat.

Price of Blue Ribbon Varieties: 3 of one variety 40¢; 12 of one variety $1.40; 25 of one variety $2.50; 100 of one variety $9.50.
